Language Contact and the Future of English Ian Mackenzie,2017-12-15 This book reflects on the future of the English language as used by native speakers speakers of nativized New Englishes and users of English as a lingua franca ELF The volume begins by outlining the current position of English in the world and accounts for the differences among native and

nativized varieties and ELF usages It offers a historical perspective on the impact of language contact on English and discusses whether the lexicogrammatical features of New Englishes and ELF are shaped by imperfect learning or deliberate language change The book also considers the consequences of writing in a second language and questions the extent to which non native English speaking academics and researchers should be required to conform to Anglo patterns of text organization and English Academic Discourse The book then examines the converse effect of English on other languages through bilingualism and translation This volume is essential reading for students and scholars in English language sociolinguistics language acquisition and language policy
