What I Ate in One Year Stanley Tucci, 2024-10-15. From Stanley Tucci, award-winning actor and New York Times bestselling author, a deliciously unique memoir chronicling a year's worth of meals. Sharing food is one of the purest human acts. Food has always been an integral part of Stanley Tucci's life, from stracciatella soup served in the shadow of the Pantheon to marinara sauce cooked between scene rehearsals and costume fittings, to home-made pizza eaten with his children before bedtime. Now in *What I Ate in One Year*, Tucci records twelve months of eating in restaurants, kitchens, film sets, press junkets, at home and abroad, with friends, with family, with strangers, and occasionally just by himself. Ranging from the mouth-wateringly memorable to the comfortingly domestic, and to the infuriatingly inedible, the meals memorialised in this diary are a prism for him to reflect on the ways his life and his family are constantly evolving. Through food, he marks and mourns the passing of time, the loss of loved ones, and steels himself for what is to come. Whether it's duck à l'orange eaten with fellow actors and cooked by singing Carmelite nuns, steaks barbequed at a gathering with friends, or meatballs made by his mother and son and shared at the table with three generations of his family, these meals give shape and add emotional richness to his days. *What I Ate in One Year* is a funny, poignant, heartfelt and deeply satisfying serving of memories and meals, and an irresistible celebration of the profound role that food plays in all our lives.

The Tucci Table Stanley Tucci, Felicity Blunt, 2014-10-28. Featuring family-friendly, simple to make and magnificently delicious Mario Batali recipes and stunning photography, a practical cookbook from New York Times bestselling author, beloved actor and respected foodie Stanley Tucci. Stanley Tucci's association with wonderful foods began for fans with the movie *Big Night* and resonated in his role as Julia Child's husband in *Julie & Julia*. But well before these films, he was enjoying innovative homemade Italian meals throughout his childhood, when family and food were nearly inseparable, and cooking was always a familial venture. Now in this family-focused cookbook, Tucci captivates food lovers' imaginations with recipes from his traditional Italian roots as well as those of his British wife Felicity Blunt, tied together with a modern American ribbon. The time-tested recipes include pasta alla bottarga, mushroom stuffed trout, pork

chops with onions and mustard sauce barbeque chicken wings and much much more Nothing will make you happier to spend time with family than the aroma of a hearty Italian dish sizzling on the stovetop Featuring 100 luscious full color photographs The Tucci Table captures the true joys of family cooking Buon appetito

Culinary Cinema Deborah R. Geis, 2024-12-15 In this book Deborah Geis offers a new approach to the evolving genre of culinary films that center on the acts of eating and cooking through close analyses of ten different films These films range from the classics like Big Night 1996 and Babette's Feast 1987 to later box office hits like Chef 2014 and to films that deserve a second look like East Side Sushi 2014 Burnt 2015 and Mid August Lunch 2008 Throughout these analyses the book focuses on tropes including the big dinner as it connects to intercultural and transcultural communities the self destructive perfectionism of the obsessive chef and the craft of cooking in relation to aging and mortality Geis invites readers and viewers to experience food driven narrative films with an appetite for appreciating the visual ingredients and the ways in which they construct pleasure through the act of looking as a vicarious approach to consuming the actual food Drawing on the work of film theorist Christian Metz Geis ultimately poses a new paradigm for watching and understanding culinary cinema as a significant and constantly evolving genre that comes with its own conventions and contemporary filmmakers who seek to expand and transform those conventions in surprising ways

Cookbook Politics Kennan Ferguson, 2020-05-29 An original and eclectic view of cookbooks as political acts Cookbooks are not political in conventional ways They neither proclaim as do manifestos nor do they forbid as do laws They do not command agreement as do arguments and their stipulations often lack specificity cook until browned Yet as repositories of human taste cookbooks transmit specific blends of flavor texture and nutrition across space and time Cookbooks both form and reflect who we are In

Cookbook Politics Kennan Ferguson explores the sensual and political implications of these repositories demonstrating how they create nations establish ideologies shape international relations and structure communities Cookbook Politics argues that cookbooks highlight aspects of our lives we rarely recognize as political taste production domesticity collectivity and imagination and considers the ways in which cookbooks have or do politics from the most overt to the most subtle Cookbooks turn regional diversity into national unity as Pellegrino Artusi's *Science in the Kitchen and the Art of Eating Well* did for Italy in 1891 Politically affiliated organizations compile and sell cookbooks for example the early United Nations published *The World's Favorite Recipes* From the First Baptist Church of Midland Tennessee's community cookbook to Julia Child's *Mastering the Art of French Cooking* to the Italian Futurists proto fascist guide to food preparation Ferguson demonstrates how cookbooks mark desires and reveal social commitments your table becomes a representation of who you are Authoritative yet flexible collective yet individualized cooperative yet personal cookbooks invite participation editing and transformation Created to convey flavor and taste across generations communities and nations they enact the continuities and changes of social lives Their functioning in the name of creativity and preparation with readers happily consuming them in similar ways makes cookbooks an exemplary model for democratic politics

Feasting Our Eyes Laura Lindenfeld, Fabio Parasecoli, 2016-11-29 *Big Night* 1996 *Ratatouille* 2007 and *Julie and Julia* 2009 are more than films about food they serve a political purpose In the kitchen around the table and in the dining room these films use cooking and eating to explore such themes as ideological pluralism ethnic and racial acceptance gender equality and class flexibility but not as progressively as you might think *Feasting Our Eyes* takes a second look at these and other modern American food films to emphasize their conventional approaches to nation gender race sexuality and social status Devoured visually and emotionally these films are particularly effective defenders of the status quo *Feasting Our Eyes* looks at Hollywood films and independent cinema documentaries and docufictions from the 1990s to today and frankly assesses their commitment to racial diversity tolerance and liberal political ideas Laura Lindenfeld and Fabio Parasecoli find women and people of color continue to be treated as objects of consumption even in these modern works and despite their progressive veneer American food films often mask a conservative politics that makes commercial success more likely A major force in mainstream entertainment American food films shape our sense of who belongs who has a voice and who has opportunities in American society They facilitate the virtual consumption of traditional notions of identity and citizenship
