Hoard It All Before Tammie Painter, 2022-01-18 It's not every day you meet an amateur sleuth with fangs Like any traveling circus Zin's Circus of Unusual Creatures has hair raising acts and fried food on sticks But it's also got an aura spotting centaur a chain smoking unicorn and an omelet addicted dragon Oh and a body in the center ring After far too many buckets of wine Duncan aka Brutus Fangwrath Deadliest Dragon in the West wakes one morning to find his best friend Porter Kohl isn't just sleeping off a hangover He's been murdered Suspicion for the crime quickly turns to the circus's new hire Cordelia Quinn After all she desperately wanted Porter's job and she's got loads of circumstantial evidence stacked against her But Duncan's not so sure When it looks like Cordelia's murderous fate is sealed that she might be sent off to the Pits and that no one else is willing to uncover the truth it's up to Duncan to ponder the puzzling clues prove Cordelia's innocence and pry open a troubling secret along the way As soon as he's done with his omelet that is If you like comic fantasy whodunnits that combine laughs with murderous mayhem and mythical beasts you'll love Hoard It All Before the first of The Circus of Unusual Creatures Mysteries Set in a 1930s that's just a tad different than what you're used to The Circus of Unusual Creatures is a delightfully humorous cozy fantasy series that features a detecting dragon an aura spotting centaur a chain smoking unicorn and plenty of other quirky characters getting into all kinds of trouble as they stumble their way through clues crimes and perfectly cooked omelets If you like comic fantasy whodunnits you'll love not only this silly story but also the other books currently in the series Tipping the Scales Fangs a Million Beast or Famine and Too Claws for Comfort What readers are saying Very funny and laughs out loud will be heard when reading it this was so good I read it in

one sitting couldn't put it down What a truly FUN lighthearted read full of fantastical and lovable characters I loved the humour I loved the way the story was written The characters are very believable and the way the mystery unravels is very well crafted Story Note While these lighthearted stories are mostly clean they do have a lusty chain smoking unicorn who makes more than a few naughty innuendos a dragon who drinks a tiny bit of mild swearing and obviously there's a murder or two along the way The Scales of Justice Tammie Painter, A crime boss with a secret A swoon inducing thief A heist that leads to murder It might be the perfect case for Duncan but he's really just in town for the omelets Zin's Circus of Unusual Creatures is gearing up for a lengthy run in Chesterwood a town run by the infamous crime boss Rochester McCleary aka The Goblin King No one knows why Rochester invited them to town why he's letting them set up on a recently demolished city block for free or why he keeps lurking around the circus grounds but no one is stupid enough to ask McCleary to divulge his suspicious secrets Meanwhile Duncan's performances have been drastically cut and he's bored off his scales Bored that is until someone breaks into and empties Rochester's vault The boredom is especially lifted when soon after the heist a body is found The only trouble is that the most obvious suspects are a kind hearted sculptor and Duncan's favorite omelet chef Pepper Although eager to take the case Duncan is reluctant to tangle with The Goblin King After all he's pretty sure he'd look terrible in cement shoes Can Duncan along with his fellow amateur sleuths Boris and Cordelia discover who the real culprit is before Rochester McCleary makes good on his threats Can they uncover Chesterwood's secrets without ending up in pine boxes Or will they get too distracted by cute co workers skimpy outfits modern dating advice and a certain dragon's omelet goals to survive this confounding case Find out in The Scales of Justice the latest addition to the Circus of Unusual Creatures Mysteries a cozy fantasy series that mixes in laughs with murderous mayhem and mythical beasts Although it's the sixth book in the series The Scales of Justice is a great place to jump into the humor filled mysteries of The Circus of Unusual Creatures series Set in a 1930s that's just a tad different than what you're used to The Circus of Unusual Creatures is a delightfully humorous cozy fantasy series that features a detecting dragon an aura spotting centaur a chain smoking unicorn and plenty of other quirky characters getting into all kinds of trouble as they stumble their way through clues crimes and perfectly cooked omelets If you like comic fantasy whodunits that combine laughs with murderous mayhem and mythical beasts you'll love not only this silly story but also the other five books in the series Hoard It All Before Tipping the Scales Fangs a Million Beast or Famine and Too Claws for Comfort Story Note While this lighthearted humorous series is mostly clean it does have a lusty chain smoking unicorn who makes more than a few naughty innuendos a dragon who drinks a tiny bit of mild swearing and obviously there's a murder or two along the way Beast or Famine: A Circus of Unusual Creatures Mystery Tammie Painter, 2023-10-19 A seaside eating contest A cheating song stealing all around no good ex And a chain smoking unicorn doling out dating advice What could possibly go wrong It's time for the Seaside Family Fun Fair's annual eating contests and Zin's Circus of Unusual Creatures has been invited to perform as the feature act Right from the start trouble is brewing

Trouble that to everyone's surprise has almost nothing to do with Fergus now referring to himself as The Love Guru Besides foul moods over the weather the decrepit state of the fun fair and the sand wedging itself well everywhere tempers truly flare when Molly's ex husband Albert shows up for the competition Albert has a bad track record He's cheated in a previous eating contest he's stolen Molly the Mini taur's songs and he's got an ogre sized secret that could destroy the fun fair So the moment the competition turns deadly Duncan dragon and amateur sleuth has a long list of people who wouldn't mind sending Albert six feet under Problem is two of Duncan's friends are the most likely suspects Matters only get worse when Duncan discovers Zin has agreed to a partnership that's smellier than a sack of rotting fish heads And with Pepper so busy prepping food for the contest she's failed to keep up with Duncan's omelet needs Seriously no dragon should have to sleuth in these conditions Can Duncan find the killer before they strike again Will Zin lose his circus to this partnership What relationship disasters will Fergus cause And what is up with those ogres Find out in *Beast or Famine* the latest installment of *The Circus of Unusual Creatures Mysteries* series Although it's the fourth book in the series *Beast or Famine* is a great way to jump into *Circus of Unusual Creatures Mysteries* Set in a 1930s that's just a tad different than what you're used to *The Circus of Unusual Creatures* is a delightfully humorous cozy mystery series that features a detecting dragon an aura spotting centaur a chain smoking unicorn and plenty of other quirky characters getting into all kinds of trouble as they stumble their way through clues crimes and perfectly cooked omelets If you like comic fantasy whodunnits that mix in laughs with murderous mayhem and mythical beasts you'll love not only this silly story but also the first three books in the series *Hoard It All Before Tipping the Scales* and *Fangs a Million* Story Note While this cozy fantasy mystery is mostly clean it does have a lusty chain smoking unicorn who makes more than a few naughty innuendos a dragon who drinks a tiny bit of mild swearing and obviously there's a murder or two along the way
