The

American Biographical Novel Michael Lackey, 2016-04-07 Before the 1970s there were only a few acclaimed biographical novels. But starting in the 1980s there was a veritable explosion of this genre of fiction leading to the publication of spectacular biographical novels about figures as varied as Abraham Lincoln, Ludwig Wittgenstein, Friedrich Nietzsche, Emily Dickinson, Virginia Woolf, Henry James, and Marilyn Monroe, just to mention a notable few. This publication frenzy culminated in 1999 when two biographical novels, Michael Cunningham's *The Hours* and Russell Banks' *Cloudsplitter*, were nominated for the Pulitzer Prize, and Cunningham's novel won the award. In *The American Biographical Novel*, Michael Lackey charts the shifts in intellectual history that made the biographical novel acceptable to the literary establishment and popular with the general reading public. More specifically, Lackey clarifies the origin and evolution of this genre of fiction, specifies the kind of truth it communicates, provides a framework for identifying how this genre uniquely engages the political, and demonstrates how it gives readers new access to history.

Immaculate Blue Paul Russell, 2015-10-13 From the award-winning author of *The Unreal Life of Sergey Nabokov* comes the brilliantly conceived and precisely rendered novel *Immaculate Blue*, which explores the lives of four people: Anatole, Leigh, Chris, and Lydia, and their intermingled and unwinding desires. Set in upstate New York, the novel follows these characters as they achieve their aims in lives redolent with loss and hope, humor and sadness, union and alienation. Russell picks up the thread of his critically acclaimed novel *The Salt Point* 20 years later and tracks the lives of these friends, some of whom not only lost touch with each other but have also lost their way. Moving at times shocking and always memorable, *Immaculate Blue* points to where the personal and the political come together and shape our lives in unexpected ways. With this newest novel, Paul Russell reminds us of why he is one of the most important voices on the literary scene.

OK2BG Jack Dunsmoor, 2015 *OK2BG* is narrative nonfiction, a memoir about a guy who wants to be a Mentor, preferably to a teenager, so they can have a decent, meaningful conversation about stuff, preferably with a kid at risk or just otherwise lost, in order to help both the teenager as well as the determined subject of this story realize their unique potential, find or reinforce their place in the world. Overall, a chronicle about the author's attempt over several years to understand the question of why do I want to be a Mentor, which eventually helps him become a more insightful person. Subsequently, in September 2010, after a plague of teen suicides, Jack turns his attention to researching gay biographies, into optimistically appropriate groups of books for gay kids at risk from bullying. After 5 years, Jack has categorized 2,000 books in the form of memoirs, biographies, autobiographies written by or about 1,000 allegedly gay men. The primary message in *OK2BG* is to read, reassess, before you run asunder.

The Art of History Christopher Bram, 2016-07-05 One has to look no further than the audiences hungry for the narratives served up by *Downton Abbey* or *Wolf Hall* to know that the lure of the past is as seductive as ever. But incorporating historical events and figures into a shapely narrative is no simple task. The acclaimed novelist Christopher Bram examines how writers as disparate as Gabriel Garcia Marquez, David McCullough, Toni Morrison, Leo Tolstoy, and many others have employed history in their work. Unique among the *Art of* series, *The Art of*

History engages with both fiction and narrative nonfiction to reveal varied strategies of incorporating and dramatizing historical detail. Bram challenges popular notions about historical narratives as he examines both successful and flawed passages to illustrate how authors from different genres treat subjects that loom large in American history such as slavery and the Civil War. And he delves deep into the reasons why *War and Peace* endures as a classic of historical fiction. Bram's keen insight and close reading of a wide array of authors make *The Art of History* an essential volume for any lover of historical narrative.

Silent Film Performance Elisabetta Girelli, 2021-06-18 This book provides a groundbreaking exploration of silent film performance. It combines close reading of silent screen acting with theoretically informed analysis, stressing the overlap between different performative arts such as film and stage acting, dance, mime, and pantomime. The boundary between silent and sound films is also challenged. Anna Pavlova's acting in *The Dumb Girl of Portici* is read through Freud's work on the uncanny, disability studies, and notions of intermediality. Vladimir Mayakovsky's performance in *The Young Lady and the Hooligan* is approached as a silent soliloquy and a representation of loneliness. Ivan Mozzhukhin's tour de force in *The Late Mathias Pascal* is discussed through a queer failure lens, while Pola Negri's presence in *Hotel Imperial* is analysed with the aid of texts on wartime anxiety. Harald Kreutzberg's stunning number in *Paracelsus* is examined in the light of theories of mime and pantomime, arguing for its subversive potential in a Third Reich sound film.
