Kingsmarkham's very own celebrity flautist dies tragically on a snowy night. His death is met with a ruling of misadventure and appears to be an open and shut case. However, Wexford, as the investigating officer, has a few niggling doubts. Nineteen years later, Camargue's entrancing daughter Natalie, now a considerable heiress, suddenly reappears in Kingsmarkham. When her fiancé appeals to Wexford for help, believing that Natalie is using a false identity, the case of the Camargues is once more under investigation. Events soon take a gruesome twist, and the pressure is on for Wexford to discover Natalie's true identity and to solve the mystery of the Camargue family once and for all. *The Vault* Ruth Rendell, 2011-11-22. Wessex is retired or would be if murder and danger would only leave him alone. The impossible has happened. Chief Inspector Reg Wexford has retired. He and his wife now divide their time between Kingsmarkham and a coachhouse in Hampstead belonging to their actress daughter Sheila. For all the benefits of a more relaxed way of life, Wexford misses being the law. But a chance meeting in a London street with someone he had known briefly as a very young police constable changes everything. Tom Ede is now a Detective Superintendent and is very keen to recruit Wexford as an adviser on a difficult case. The bodies of two women and a man have been discovered in the old coal hole of an attractive house in St John's Wood. None carries identification. But the man's jacket pockets contain a string of pearls, a diamond, and a sapphire necklace, as well as other jewellery valued in the region of 40,000. Wexford is intrigued and excited by the challenge until this new investigative role brings him into serious physical danger. *The Saint Zita Society* Ruth Rendell, 2012-08-28. Life in the well-manicured London locale of Hexam Place is not as placid and orderly as it appears. Behind the tranquil gardens and polished entryways, relationships between servants and their employers are set to combust. Henry, the handsome valet to Lord Studley, is sleeping with both the Lord's wife and his university-age daughter. Montserrat, the Still family's lazy au pair, is helping to hide Mrs Still's illicit affair with a television actor for a small fee. June, the haughty housekeeper to a princess of dubious origin, is hard at work forming a society for servants to address complaints about their employers. Meanwhile, a disturbed gardener Dex believes a voice in his cellphone is giving him godlike instructions that could endanger the lives of all who reside in Hexam Place. A deeply observed and suspenseful update to the upstairs-downstairs genre. *The St Zita Society* is Ruth Rendell at her incisive best.

A study of the role of family in ancient Greek narratives and the psychological

theories of Freud and Jung in the mystery novels of Ruth Rendell Aside from Ruth Rendell s brilliance as a fiction writer and her appeal to mystery lovers her books portray a compelling universal experience that her readers can immediately relate to the intra familial stresses generated by the nuclear family Even those who experience the joys as well as pains of family life will find in Rendell the conflicts that beset all who must navigate their way through the conflicts that beset members of the closest families Barbara Fass Leavy analyzes the multi leveled treatment of these themes that contributes to Rendell s standing as a major contemporary novelist Rendell who also writes as Barbara Vine draws on ancient Greek narratives and on the psychological theories Sigmund Freud and Carl Jung derived from them to portray the disturbed family relationships found throughout her work Leavy s analysis considers what distinguishes mysteries as popular entertainment from crime fiction as literary art The potential for rereading even when the reader remembers whodunit will be the basis for this distinction Leavy also looks closely at the Oedipus and Electra complexes and how they illuminate Rendell s portrayals of the different pairings within the nuclear family for example mother and daughter and considers the importance of gender differences In addition Leavy corrects a widespread error that Freud formulated the Electra complex when in fact the formulation was Jung s as he challenged Freud s emphasis on the Oedipus story as the essential paradigm for human psychological development
