Redemption of a Dream Nathan A Sowah,2017-08-08 Without a doubt a journey of a thousand miles begins with a single step but a journey to hell and back may never be a pleasant story to tell By all human standards it is undeniable that rising from the dungeons of bondage to the highest offices in the land is nothing short of a miracle Similarly rising from the doldrums of Apartheid to the highest offices in the land is equally nothing short of a miracle Similarly rising from the gas chambers and concentration camps of Auschwitz back to the promise land is equally nothing short of a miracle But what is even more miraculous is that such shameful atrocities and such heinous crimes against humanity have all happened in human

society Nevertheless such amazing triumphs of good over evil and such astounding achievements of beleaguered people from the most humble beginnings to the highest levels of human dignity have also happened in human society Redemption of a Dream is the story of one race of people sent on a treacherous journey centuries ago and yet the essence of the story came to fulfillment right before our eyes in this generation of our lifetime This is a true story of the struggle for dignity among the various races cultures colors and religions within the largest melting pot on earth Find out how the new world became a multi racial multi cultural multi colored and multi religious society even before the Union was formed This story also chronicles the reflections recollections and lamentations of the author Born and raised in the Gold Coast colony he came to America to fulfill his dream of higher education He also recalls his childhood experiences during the first ever transfer of power from colonial rule to self rule in the first ever Democracy formed in black Africa in 1957 The author strikes an interesting similarity between himself and the father of the 44th President of the United States each came to America in pursuit of his dream of college education and if all goes well maybe experience the American Dream and let the chips fall where they may Find out what happened in each of their separate lives in America Get to the roots of the struggle find out the true origin of the black American struggle for dignity Find out how the stone that the builders rejected became the cornerstone of the finest mansion in the land build by slave labor reserved for nobility and eventually occupied by descendants of the same slaves who built it I grew up in the small canoe fishing town of Christiansborg Osu on the Atlantic coast of West Africa As a child I was fortunate enough to attend the schools that the early Missionaries built during the colonial era Growing up under the shadow of the infamous Christiansborg Castle I quickly learnt what many in our community already knew It was common knowledge that our peaceful and picturesque seaside neighborhood was one of the most vicious slave market centers in black Africa next only to the iniquitous Cape Coast Castle a few hundred miles west of my hometown and the notorious Elmina Castle further to the west of my hometown All three colossal castles still stand today on the sandy shores and in the salt waters of the Atlantic Ocean each colonial castle acting as giant window looking back in retrospect to the ills of the colonial era and the evils of the slavery era I decided to write this book Redemption of a Dream when America elected its first ever African American president in almost three centuries To me this is the greatest and most significant change that ever happened since the new world was discovered I wrote this book solely in honor of the brave heroes and legends of The Struggle from slavery to Presidency Thanks for checking out my story and God bless **Audio**
