The Wandering Who A Study Of Jewish Identity Politics:

The Wandering Who Gilad Atzmon, 2011-09-30 An investigation of Jewish identity politics and Jewish contemporary ideology using both popular culture and scholarly texts Jewish identity is tied up with some of the most difficult and contentious issues of today The purpose in this book is to open many of these issues up for discussion Since Israel defines itself openly as the Jewish State we should ask what the notions of Judaism Jewishness Jewish culture and Jewish ideology stand for Gilad examines the tribal aspects embedded in Jewish secular discourse both Zionist and anti Zionist the holocaust religion the meaning of history and time within the Jewish political discourse the anti Gentile ideologies entangled within different forms of secular Jewish political discourse and even within the Jewish left He questions what it is that leads Diaspora Jews to identify themselves with Israel and affiliate with its politics The devastating state of our world affairs raises an immediate demand for a conceptual shift in our intellectual and philosophical attitude towards politics identity politics and history

Starry Speculative Corpse Eugene Thacker, 2015-04-24 Could it be that the more we know about the world the less we understand it Could it be that while everything has been explained nothing has meaning Extending the ideas presented in his book *In The Dust of This Planet* Eugene Thacker explores these and other issues in *Starry Speculative Corpse* But instead of using philosophy to define or to explain the horror genre Thacker reads works of philosophy as if they were horror stories themselves revealing a rift between human beings and the unhuman world of which they are part Along the way we see philosophers grappling with demons struggling with doubt and wrestling with an indifferent cosmos At the center of it all is the philosophical drama of the human being confronting its own limits Not a philosophy of horror but a horror of philosophy Thought that stumbles over itself as if at the edge of an abyss *Starry Speculative Corpse* is the second volume of the *Horror of Philosophy* trilogy together with the first volume *In The Dust of This Planet* and the third volume *Tentacles Longer Than Night*

Ignoble Displacement Stephanie Polsky, 2015-09-25 We live in a time of great social political and economic crisis that many date to the collapse of the global banking system in 2008 Many are finding it difficult to contextualise the hardships that have taken place in the years following on from those events It is difficult to find the answers in our present media landscape or in a political and intellectual climate that continues to laud capitalism as the winning economic system coming out of both World War II and the end of the Cold War which has become

over the last century synonymous with democracy itself The irony is that in our times the majority of the world s people feel disenfranchised by both capitalism and democracy How did we come to this historical juncture What can we learn not just from history but from our cultural artefacts that might tell us how we first came to conduct ourselves within a system of global finance capitalism This volume proposes that we reinterpret the writings of Charles Dickens to find the antecedents of our present situation with regards to capital empire and subjectivity

How to Dismantle the NHS in 10 Easy Steps

Youssef El-Gingihy,2015-07-31 Dr Youssef El Gingihy a GP tells the story of how the NHS has been gradually converted into a market based healthcare system over the past 25 years This process is accelerating under the Coalition government and the very existence of a National Health Service is in danger He fears that there will not be an NHS as our generation grows old and certainly not for our children Yet the British public remains largely unawares of this and the media with few exceptions have failed in their duty to inform them The NHS is being broken up into an universal insurance system based on the American model This book matters to all who use the NHS or are concerned by the privatisation of public services and the dismantling of equitable healthcare and welfare If you want to understand the real story behind the headlines and find out how you can preserve the NHS for the future then this book is essential reading

Tentacles Longer Than Night Eugene Thacker,2015-04-24 Our contemporary horror stories are written in a world where there seems little faith lost hope and no salvation All that remains is the fragmentary and occasionally lyrical testimony of the human being struggling to confront its lack of reason for being in the vast cosmos This is the terrain of the horror genre Eugene Thacker explores this situation in Tentacles Longer Than Night Extending the ideas presented in his book In The Dust of This Planet Thacker considers the relationship between philosophy and the horror genre But instead of taking fiction as the mere illustration of ideas Thacker reads horror stories as if they themselves were works of philosophy driven by a speculative urge to question human knowledge and the human

centric view of the world ultimately leading to the limit of the human thought undermining itself in thought Tentacles Longer Than Night is the third volume of the Horror of Philosophy trilogy together with the first volume In The Dust of This Planet and the second volume Starry Speculative Corpse **Airplane Reading** Christopher Schaberg, Mark Yakich, 2016-07-29 In Airplane Reading Christopher Schaberg and Mark Yakich bring together a range of essays about air travel Discerning and full of wonder this prismatic collection features perspectives from a variety of writers airline workers and everyday travelers At turns irreverent philosophical and earnest each essay is a veritable journey in and of itself And together they illuminate the at once strange and ordinary world of flight Contributors Lisa Kay Adam Sarah Allison Jane Armstrong Thomas Beller Ian Bogost Alicia Catt Laura Cayouette Kim Chinquee Lucy Corin Douglas R Dechow Nicoletta Laura Dobrescu Tony D Souza Jeani Elbaum Pia Z Ehrhardt Roxane Gay Thomas Gibbs Aaron Gilbreath Anne Gisleson Anya Groner Julian Hanna Rebecca Renee Hess Susan Hodara Pam Houston Harold Jaffe Chelsey Johnson Nina Katchadourian Alethea Kehas Greg Keeler Alison Kinney Anna Leahy Allyson Goldin Loomis Jason Harrington Kevin Haworth Randy Malamud Dustin Michael Ander Monson Timothy Morton Peter Olson Christiana Z Peppard Amanda Pleva Arthur Plotnik Neal Pollack Connie Porter Stephen Rea Hugo Reinert Jack Saux Roger Sedarat Nicole Sheets Stewart Sinclair Hal Sirowitz Jess Stoner Anca L Szilgyi Priscila Uppal Matthew Vollmer Joanna Walsh Tarn Wilson **Biopolitical Imperialism** M. Imperialism is a book about international politics today The core eponymous thesis is that our world is marked by a pattern of biopolitical parasitism that is the enhancement of the life of wealthy populations of First World countries on the basis of an active denigration of the lives of the poor mass of humanity The book details how this dynamic plays out both inside wealthy countries and internationally *Slave States* Yasin Kakande, 2015-12-11 A stark expose of the enslavement trafficking sexual starvation and general abuse of workers in the Gulf Arab Region **Don't Lose Track** Jordannah Elizabeth, 2016-01-29 Don't

Why Young People Don't Vote Mitchell Agg, 2016-11-07 Why don't young people vote It's a question that has been asked by pollsters for years The 18 to 24 year old demographic records the lowest voter turnout at elections and it doesn't look to be showing signs of stopping Being one of this demographic Mitchell Agg looks into this question and tries to shed light on why his peers don't enter polling stations on election day Through four main reasons Mitchell helps us answer this question as well as giving some solutions

Positive Realism Maurizio Ferraris, 2015-12-11 Positive Realism could be seen as the sequel to Maurizio Ferraris Manifesto of New Realism and Introduction to New Realism The focus here is the other side of unamendability a notion described in his previous books according to which reality is unamendable it cannot be corrected at will This resistance of the real is what ultimately tells us that in opposition to the claims of post-Kantian philosophy the world is not a result of our conceptual work if it were so our power over reality would be much greater Now the often disappointing limits that the real sets against our expectations are also a resource and this is the key point of the present book Things exist and

therefore undoubtedly resist us but in doing so they offer affordances resources opportunities And that the greatest opportunity which underlies all the other ones is the fact that we share a world that is far from liquid on the contrary it provides the solid ground on which everything rests starting from our happiness or unhappiness **Shooting the Moon** Brian Willems,2015-05-29 Films about the moon show that even after the lunar landing of 1969 our celestial neighbor has lost none of its aptitude for being made of green cheese In fact as soon as you put the moon on screen it is lost This is equally true for a wide range of moon films including the theatricality of M li s the incredulity of camp the illegibility of footage shot by Apollo astronauts and the revisionary history of Transformers 3 Yet as paradoxical as it might seem at first it is only when we lose sight of the moon that lunar truths begin to come forth This is because fantastic elements of the moon by their mere absurdity can indicate non fantastic elements However what is of interest here is not realistic or fantastic lunar truths but rather that the moon is an object which invites or even demands more than one truth at once *Land of Hunger* Wayne Holloway,2015-09-25 Land of Hunger is a collection of short stories that interconnect loop and return upon each other despite their seemingly disparate subject matter Fragments that resonate across time and place from the Ukraine during the Russian Civil War to the miners strike to the world of animal rights protestors The stories are all about the collection of fictions that make up a writer A fantasy of who the author is where he comes from the story of a fragile shifting identity built on facts yet obscuring them In doing this Wayne Holloway embodies our deep hunger for the stories of who and why we are
