The Warden Illustrated:

The Warden Anthony Trollope, 1984-07-03 The first of Trollope's popular Barsetshire novels set in the fictional cathedral town of Barchester. The Warden centers on the honorable cleric Septimus Harding, one of Trollope's most memorable characters. When Harding is accused of mismanaging church funds, his predicament lays bare the complexities of the Victorian world and of nineteenth-century provincial life. And as Louis Auchincloss observes in his Introduction, the theme of *The Warden* presents the kind of social problem that always fascinated Trollope: the inevitable clash of ancient privilege with modern social awareness. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

It was his fourth novel. *The Warden* is a Victorian novel by Anthony Trollope. First published in 1855, it's the first novel in the Chronicles of Barsetshire series and it features a clergyman debating what to do with a huge sum of money he's received.

The Warden Anthony Trollope, 2023-05-26 *The Warden* is concerned with the unassuming Rev Septimus Harding, who has for many years been the Warden of Hiram's Hospital in the fictional town of Barchester. This hospital is what we would today probably call an aged care or retirement home. It was established under the provisions of a will to look after the needs of old men too feeble to work any longer and unable to support themselves. Mr Harding benefits financially from his position, though the duties are very slight. A local doctor, though sweet on Mr Harding's daughter Eleanor, is nevertheless a keen reformer, zealous to overturn what he sees as corrupt patronage in the Church. He investigates the terms of Hiram's will and concludes that the money intended for the benefit of the aged wool carders is unfairly being consumed by the salary of the Warden. He proceeds to pursue this issue through the pages of a crusading journal, *The Jupiter*. Though strongly defended by the Church authorities, including his son-in-law Archdeacon Grantly, Mr Harding has long struggled with his conscience because of this imputation. *The Warden*, published in 1855, was Trollope's first major writing success and formed the basis for a series of six novels set in the same fictional county and its cathedral city of Barchester, now known as the Chronicles of Barsetshire.

The Warden Anthony Trollope, 1991 When John Bold decides to challenge corruption in the Church of England, he sets the whole town of Barchester ablaze with the consequences. This book is the study of conflicting loyalties and principles in a cathedral city where the gentle warden becomes an unwilling focus of national controversy.

precentor of Barchester Cathedral in the fictional county of Barsetshire Hiram's Hospital is an almshouse supported by a medieval charitable bequest to the Diocese of Barchester. The income maintains the almshouse itself, supports its twelve bedesmen, and in addition provides a comfortable abode and living for its warden. Mr Harding was appointed to this position through the patronage of his old friend, the Bishop of Barchester, who is also the father of Archdeacon Grantly, to whom Harding's older daughter Susan is married. The warden who lives with his remaining child, an unmarried younger daughter Eleanor, performs his duties conscientiously. The story concerns the impact upon Harding and his circle when a zealous young reformer John Bold launches a campaign to expose the disparity in the apportionment of the charity's income between its object, the bedesmen, and its officer, Mr Harding. John Bold embarks on this campaign in a spirit of public duty despite his romantic involvement with Eleanor and previously cordial relations with Mr Harding. Bold starts a lawsuit, and Mr Harding is advised by the indomitable Dr Grantly, his son-in-law, to stand his ground. Bold attempts to enlist the support of the press and engages the interest of *The Jupiter*, a newspaper representing *The Times*, whose editor Tom Towers pens editorials supporting reform of the charity and presenting a portrait of Mr Harding as selfish and derelict in his conduct of his office. This image is taken up by commentators Dr Pessimist Anticant and Mr Popular Sentiment, who have been seen as caricatures of Thomas Carlyle and Charles Dickens respectively.² Ultimately, despite much browbeating by his son-in-law, the Archdeacon and the legal opinion solicited from the barrister Sir Abraham Haphazard, Mr Harding concludes that he cannot in good conscience continue to accept such generous remuneration and resigns the office. John Bold, who has appealed in vain to Tom Towers to redress the injury to Mr Harding, returns to Barchester where he marries Eleanor after halting legal proceedings. Those of the bedesmen of the hospital who have allowed their appetite for greater income to estrange them from the warden are reproved by their senior member Bunce, who has been constantly loyal to Harding, whose good care and understanding heart are now lost to them. At the end of the novel, the bishop decides that the wardenship of Hiram's Hospital be left vacant, and none of the bedesmen are offered the extra money despite the vacancy of the post. Mr Harding, on the other hand, becomes Rector of St Cuthbert's, a small parish near the Cathedral Close, drawing a much smaller income than before.

Among his best-known works is a series of novels collectively known as the *Chronicles of Barsetshire*, which revolves around the imaginary county of Barsetshire. He also wrote novels on political, social, and gender issues and other topical matters.
