Swami Vivekananda The Living Vedanta:

Swami Vivekananda, the Living Vedanta Chaturvedi Badrinath, 2006 In the course of a short life of 39 years Swami Vivekananda came to be regarded as the patron saint of modern India This text examines the various facets of a man who was as much at ease with philosophical discourse as he was with cooking whose childlike love for ice cream went hand in hand with his stature as a prophet Swami Vivekananda Chaturvedi Badrinath, 2015-09-20 The Vedanta was an inseparable part of Swami Vivekananda's personality He lived and breathed this philosophy while preaching it to India and the west While Vivekananda's landmark address at the Parliament of Religions in Chicago in 1893 established him as modern India's great spiritual leader his popularity and appeal is attributed to his ability to integrate his human side with his profound spiritual side In this beautifully written biography Chaturvedi Badrinath liberates Vivekananda from the confines of the worship room and offers an unforgettable insight into the life of a man who was the very embodiment of the Vedanta that he preached *Swami Vivekananda* Anu Kumar, 2014-07-25 Take up one idea Make that one idea your life This is the way to success Single minded and multifaceted the master of many subjects and devoted disciple of Shri Ramakrishna Swami Vivekananda was a global citizen far ahead of his times At once a yogi and worldly wise this early ambassador of India introduced the western world to Indian civilization while he encouraged Indians to discard divisive rituals and social hierarchies to build a united equal modern nation A dedicated but free thinking student a reformer teacher and writer he was an eloquent orator whose speeches especially at the World Parliament of Religions in Chicago put Indian spirituality and philosophy on the map and ignited hearts and minds everywhere His way was both of meditation and action leading from the front while humbly serving the poor He put his faith in young people and exhorted them to work towards regenerating India It is not surprising then that National Youth Day in India is celebrated on the birthday of Swami Vivekananda a leading light then and an inspiration now and forever This book brings together Swami Vivekananda's stellar work and words and highlights the main tenets of his life From his regrettably short but exceptional life you too can learn to be a little bit like Swami Vivekananda **Social Philosophy of Vivekananda and Indian Nationalism** Sebastian Velassery, 2021-05-01 Among the galaxy of scholars Swami Vivekananda stands out as a majestic tower of light who has given a new tempo to the building up of a new sense of nationalism in modern India The uniqueness of Vivekananda was his endeavour to translate every ounce of Vedanta into a social living and was never a cold theoretician or an abstract metaphysician He was aware that India's life is governed by her sovereign sense of the infinite and inclusiveness which nourished her national life and India has been a spiritual strength for her people implanting the seeds that have continuously sprouted and flowered in her art literature religion philosophy science and politics It is a civilization that should be seen not as a closed system or as a finished product but as a dynamic and unfolding process Whatever the differences India's spiritual heritage should be recognized as the focal point and to be appropriated in the conception of a new resurgent India Regrettably what we had

been glorifying as the central value of this culture and civilization is disorientated today due to the brutal exhibition of barbarous instincts which were exhibited through the rivalry between religious groups What is being experienced is the loss of inherited values and our inability in reinventing new values By virtue of its characteristic pluralism and its continuously evolving synthesis India represents a nation which is continuously unfolding its civilizational potentialities In making of such an Indian ethos the foundational ideal which has been the basis of Indian culture and civilization is the concept of Dharma and Vivekananda was able to comprehend and articulate the relation between morality dharma and human affairs which are the concerns of practical Vedanta *Philosophical Discourse: Thought, Consciousness & Ethics* Orance Mahaldar, Gopi Nath Mondal, Kinkini Bhadra, 2016-09-30 **Living at the Source** Swami Vivekananda, 1993 The inspirational messages collected in this book speak directly to the concerns of contemporary men and women and also form a concise introduction to Vedanta a philosophy of India **Living at the Source** Vivekananda Foundation, 2001-05-01 The inspirational messages collected in this book selected from the writings and talks of Swami Vivekananda speak directly to the concerns of contemporary men and women who seek to live a spiritual life in the midst of everyday activities At the same time they form a concise introduction to Vedanta the perennial philosophy of India **Influence of Swami Vivekananda's Philosophy and Action on Ramakrishna Mission in Dakshina Kannada** Dr. Nisha Bharadwaj, 2025-09-01 This study explores how Swami Vivekananda's timeless philosophy of Vedanta service and self realization has shaped the activities of the Ramakrishna Mission in Dakshina Kannada Focusing on personal transformation and social change it highlights the Mission's role in education cultural preservation youth development and community service showing how spiritual ideals can be applied to create lasting societal impact Reappraising Modern Indian Thought Ankit Tomar, Suratha Kumar Malik, 2022-10-05 Reappraising Modern Indian Thought Themes and Thinkers is a lucid and comprehensive account of the thread of socio political thought of major Indian thinkers over the decades In contrast to the existing texts on the subject it explores the social and political conditions that formed the basis of political thinking of the thinkers in the past two centuries The book begins with a detailed discussion on the development and articulation of socio political thought that have evolved in modern India It then goes to give a comprehensive coverage and makes an analysis of great thinkers of modern India namely Rabindranath Tagore Madan Mohan Malaviya Swami Vivekananda Aurobindo Ghose Abul Kalam Azad Bal Gangadhar Tilak Bipin Chandra Pal Lala Lajpat Rai Bankim Chandra Chattopadhyay Vinayak Damodar Savarkar Madhav Sadashiv Golwalkar Deen Dayal Upadhyaya Syed Ahmed Khan and Muhammad Iqbal Divided into four thematic sections Ideal Humanist Thought Militant Extremist Thought Cultural Revivalist Thought and Radical Pragmatist Thought the chapters on such thinkers not only talk about their lives and times but also discuss and examine the contributions of those to contemporary period This multi authored compendium has contributions from professionals and experts of the subject from different premier universities of India and it will be an indispensable and immensely helpful basic text to students researchers academicians as

well as for general readers across India and also abroad who will take interest to develop a critical understanding of the modern Indian thinkers on the issues such as colonialism India's freedom struggle nationalism nation building economic reconstruction education democracy secularism socialism integral and universal humanism **Inculcation of Values:**

Modern Perspectives Dr. Mahamud Khan & Dr. Nisha Chandel, 2021-03-17 It is giving us immense pleasure to write the preface of this book *Inculcation of Values Modern Perspectives* In recent times there has been a dramatic erosion of values among the Indian population This book is a humble effort of the editors to accumulate the diverse ideas and practices for value inculcation The editors have made their utmost effort to include best articles in this book Most of the articles highlight the issue of value inculcation in various ways Every author has made sincere effort to pen down the issues practices research and their experiences in their articles This book will help the educationists policy makers and students about different aspects of value inculcation Some important issues discussed in this book are Value Education Peace Education This is our humble effort with the hope that this book will be helpful in framing value inculcation strategies This will contribute in giving insight to professors teacher educators teachers parents students and other stakeholders to inculcate values The editors have tried their best to keep the contents plagiarism free In case of any plagiarism the individual authors will be responsible for the plagiarized content I am indebted to all authors research scholars and educationists who have contributed their articles to this book Further I want to thank the publisher the meticulous process of publication during the editorial and the production stages Lastly I want to express my gratitude to all whoever is associated directly or indirectly with the publication of this book Any kind of comments or suggestions are most welcome to improve further volumes of the book at valueinculcation@gmail.com **Transatlantic Modernism and the US Lecture Tour** Robert Volpicelli, 2021 A study of the twentieth century transatlantic literary lecture tour with a focus on the role that this circuit played in the formation of transatlantic modernism by following a diverse group of authors Oscar Wilde W B Yeats Rabindranath Tagore Gertrude Stein and W H Auden **Imagining Wholesome Wellbeing of All** Jai B.P. Sinha, 2021-01-01 Wholesome development is the one in which most Indians will live a materially modest but reasonably stress free life realizing their full potentials and building a harmonious community It is structured on the pillars of ancient Indian values of tolerance and respect for diversity living in material realities but striving to transcend them in seeking peace in mind and society and striving to assimilate new ideas and experiences with the old ones in order to expand capabilities to meet new challenges and seek unexplored opportunities Primary institutions of learning earning and healthy living have to be reinvented for the purpose A roadmap to reach out to such a development is drawn by sourcing ideas and information from multiple disciplines theories and models and is supplemented by conjectures and personal observations in order to present a comprehensive narrative The book will interest all those policy makers administrators change agents and scholars who are concerned about the wellbeing of the masses of Indians **Chaturvedi Badrinath** Tulsi Badrinath, 2016-01-28 Chaturvedi Badrinath 1933 2010 a recipient of the Sahitya

Akademi Award 2009 for his work *The Mahabharata: An Inquiry in the Human Condition* was a passionate scholar of Indian philosophy strikingly original in his approach. An Indian Administrative Service officer for 31 years he delivered lectures on the concept of dharma and its application in modern times for which he drew extensively from the Mahabharata. In 1995 he was invited by The Times of India to contribute essays on Indian philosophy and thought in the form of lucid discourses for the layperson. These dealt with dharma as the foundation of civilization, ranging over perceptions of the self and the other, different ways of ordering society in Jainism, Islam, and Christianity, the paradox of sex, the roots of violence, and the quest for truth and peace. These essays gained wide acclaim and popularity. Badrinath's daughter, Tulsi Badrinath, brings these essays together to present the reader with a book that explains the complex ideas of Indian philosophy in simple and accessible language. *The Future of Christian Mission in India*, Augustine Kanjamala SVD, 2014-08-21.

Colonial missionaries, both Catholic and Protestant, arrived in India with the grandiose vision of converting the pagans because, like St. Peter, Acts 4:12, and most of the church fathers, they honestly believed that there is no salvation outside the church: *extra ecclesiam nulla salus*. At the end of the great Protestant century, however, Christians made up less than 3 percent of the population in India, and the hope of the missionary was nearly shattered. But if one looks at mission in India qualitatively rather than quantitatively, one sees a number of positive outcomes. Missionaries in India, particularly Protestant missionaries espousing the social gospel in collaboration with a few British evangelical administrators, dared to challenge numerous social evils and even began to eradicate them. The scientific and liberal English education began to enlighten and transform the Indian mindset. Converts belonging to the upper caste, although small in number, laid the foundation stone of Indian theology and an inculturated church using Indian genius. The end of colonialism in India coincided with the painful death of colonial mission theology. Now the power of the Word of God, extricated from political power, is slowly and peacefully gaining ground, like the mustard seed of the parable. A paradigm shift from the ecclesio-centric mission to *missio Dei* offers reason for further optimism. In short, the future of mission in India is as bright as the kingdom of God. In today's new context, theologians, despite objections from some quarters, are struggling to discover the Asian face of Jesus, disfigured by the Greco-Roman Church. And the missionary is challenged to become a living Bible that undoubtedly everyone will read.

India as a Model for Global Development, Mahmoud Masa'eli, Rico Sneller, 2018-10-11. India is an emerging market economy and has been more successful than most other emerging economies. Key to this success are India's ancient legacy of consensus, democracy, non-violence, multi-culturality, tolerance, secularism, and the practical simplicity of economic life inspired by Mahatma Gandhi. Also vital to India's present economy is the history of the country since the struggle for Independence began in 1857. India has followed a strikingly distinct route of development from other emerging economies such as South Korea, China, Malaysia, Brazil, and Mexico. While these countries concentrated on manufacturing and exports, India grounded its economy on an integrative domestic system of life. This model is marked by interesting and gradual but constant growth with an emphasis on services.

Reforms in land agricultural system political governance and financial management have led to a landmark stage of economic progress with India's GDP rate higher than many emerging market economies. This volume explores the reasons why India has fared better than other emerging market economies and whether other countries can take inspiration from this model and rebuild their own countries based on their national resources, cultural heritage and the capacity to interact globally.

The Life of the Swami Vivekananda, by His Eastern and Western Disciples, the Advaita Ashrama, Himalayas Advaita Ashrama, 1912 *Quest for Management Excellence* Pradip N. Khandwalla, 2021-08-25 Our civilization is at crossroads. It is brightened by unprecedented technological advances and blighted by murderous strife and unsustainable development. The book argues that the way forward is through management excellence of the key institutions of society: enterprises, not for profits; communities; other civil society institutions; organs of the state; and so forth. The book explains, with the help of numerous live examples and research findings, what management excellence means for each of these institutional forms and how it can be harnessed to lift the quality of civilization towards widespread humaneness, creativity and performance excellence.

Sannyasin-Patriot and Marxist Revolutionary Panchanan Saha, 2017 This book captures lives and activities of Swami Vivekananda and his youngest brother Bhupendranath Datta in one giant canvas. One a sannyasin, patriot and another a Marxist revolutionary, these two brothers not only believed in the power of socialism in transforming the society but opposed the curse of the caste system and sought a synthesis between the materialistic West and the spiritual East.

Struggles for Peace and Justice Karl-Julius Reubke, 2020-06-16 This work by Karl Julius Reubke embodies labours of experience and reflection spanning almost 20 years. It is rich with many kinds of detail but above all, Reubke's work accomplishes something the late German philosopher Hans Georg Gadamer called a *Horizontverschmelzung*, a merging of horizons in service of an act of understanding. Reubke, a German himself, a former chemist, a follower of Rudolph Steiner, a self-taught Sanskrit scholar and translator of ancient texts, sympathetically merges those horizons with an equally complex set of horizons arising from India: the post-colonial search for a coherent tradition in one of the oldest civilizations; the emergence of early modern spiritual and nationalist thinking; the complex challenges posed by Gandhi's ethico-spiritual vision; and then finally from the contemporary India driven and riven by the forces of globalization, the horizon of a civil social movement inspired by Gandhi and Vinobha, namely Ekta Parishad. Reubke describes this movement inspired and led by P.V. Rajagopal from the inside with a personal touch and a uncannily reflective eye. All of this is an accomplishment of some note and worthy of our attention, especially as we now turn to confront how we as people of the planet will face the ecological disaster our way of living has created. This too is a task of comprehension which Hannah Arendt described as the work of the unpremeditated: facing up to and resisting of reality whatever it may be. Paul Schwartzentruber, Independent Scholar and Activist, Halifax, Canada. If you wish to know what Satyagraha is all about, read this candid, reflective account of the struggle for freedom and justice. Gandhi and his contemporaries waged during the twentieth century and P.V. Rajagopal and Ekta Parishad have been

engaged in during the 21st Extremely timely and morally challenging Manoranjan Mohanty Former Professor of Political Science University of Delhi New Delhi India This book is invaluable in challenging us to develop nonviolent mass movements addressing the needs of those who are oppressed and suffering the most the impoverished the exploited those thrown off their lands adivasis women and why such movements are necessary for greater peace and justice Douglas Allen Professor of Philosophy The University of Maine USA This brilliant book the first major scholarly study of Ekta Parishad demonstrates how rights based mass mobilisations in contemporary India adapt Gandhian ideas in their struggle for justice and in negotiating state politics and policies with grit and compassion Arnab Roy Chowdhury Assistant Professor Higher School of Economics HSE Moscow Russian Federation This impressive volume addresses the topic which is possibly the most important of our time global solidarity And it does so from the perspective of the global South drawing especially on Gandhi and Ekta Parishad The result is a very unique combination of scholarship and vision for the future that is a must read for all students of India and Indian thought but also for those looking for inspiration in the times of global crisis and the return of nationalisms and fascisms Boike Rehbein Professor Humbolt University Berlin Germany In a world in deep need of global solidarity as we enter an era challenged with the Covid 19 pandemic global economic devastation the continuing epidemic of racism and with an existential climate crisis Ekta Parishad shines a bright new light for humanity and our human challenges This book and this organization confront these challenges boldly and head on Jai Jagat David Blake Willis Professor Fielding Graduate University USA

The Buddha in Sri Lanka Gananath Obeyesekere, 2017-08-07 This book examines culture religion and polity in the context of Buddhism Gananath Obeyesekere one of the foremost analytical voices from South Asia develops Freud's notion of dream work the work of culture and ideas of no self anatta to understand Buddhism in contemporary Sri Lanka This work offers a restorative interpretation of Buddhist myths in contrast to the perspective involving deconstruction The book deals with a range of themes connected with Buddhism including oral traditions and stories the religious pantheon philosophy emotions reform movements questions of identity and culture and issues of modernity This fascinating volume will greatly interest students teachers and researchers of religion and philosophy especially Buddhism ethics cultural studies social and cultural anthropology Sri Lanka and modern South Asian history
