This book is a comprehensive guide to the identification of 800 species of decapod and stomatopod crustaceans from
southern Australian marine waters It is liberally illustrated with more than 1000 line drawings giving good views of many
species as well as diagnostic illustrations Details for each species include the authority year of description sometimes a
common name diagnosis size geographical distribution and ecological and depth distribution The chapter on the
Stomatopoda is by Shane Ahyong Sections within each chapter are hierarchical species within genera within families often
with subfamilies as well Identification is achieved through the use of dichotomous keys adapted from many originally
published in the primary literature or developed from scratch Some keys are to all Australian taxa but most are to southern
Australian taxa only The information in this book derives from over 200 years of collecting in southern Australian
environments from the intertidal to the deep sea and publications in numerous journals in several languages More than 800
