STUDS and SERPENTS

You're going down...

It's dark. It's dangerous.
It's deadly.

And you and your party are
about to go down there.

It's the haunted maze of the
terrible Serpent. The very one
that's brought terror to the
countryside for hundreds of
years. The one who makes the
crops go bad, the milk turn sour
and the earth heave with foul
indignation.

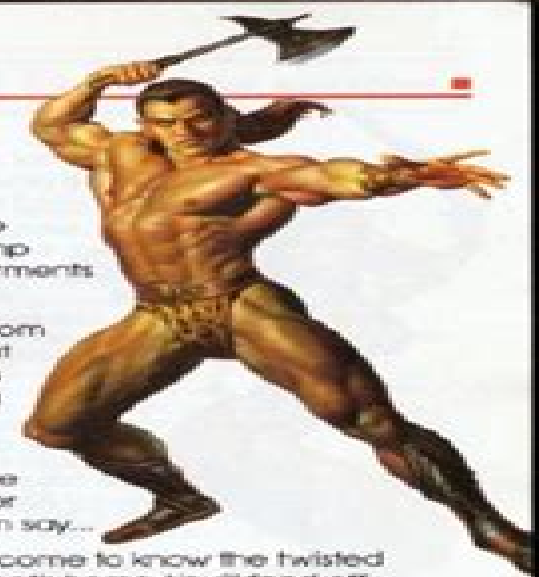

The four of you are an unlikely
band. You barely know each
other—yet. Each of you have
your reasons for braving the
many horrors of the labyrinth.

There's Iago. A strange
Wizard from the Swamp
Lands. The Serpent torments
his dreams.

There's Mask. A Thief from
the city. He claims that
a lust for treasure is his
sole reason for joining
the quest.

Finally, there's Erin. A
female Mystic from the
Realm of Shadows. Her
motivation? None can say...

Together you four will come to know the twisted
maze that is the Serpent's home. You'll fend off
hordes of monsters, demons and other perfectly vile
creatures. And you'll decipher ways to evade their
evil schemes. Because you'll be the only ones to survive.

Swords Of The Stars 2 Manual:

Ritual and Mythology of the Chinese Triads Barend ter Haar, 2021-08-30 The extensive ritual and mythological lore of the Chinese Triads form the scope of this new paperback title in Brill's Scholars List. The author critically evaluates the extant sources and offers a wealth of contextual information. The core of the book is formed by a close reading of the initiation ritual including the burning of incense, the altar, the enactment of a journey of life and death and the blood covenant. Different narrative structures are also presented. These include the messianic demonological paradigm, political legitimization and the foundation of myth. Triad lore is placed in its own religious and cultural context, allowing radically new conclusions about its origins, meanings and functions. This book is of special interest to social historians, anthropologists and students of Chinese religious culture.
