Icebergs Dining Room and Bar 2002-2022 Maurice Terzini, 2022-11-30 Celebrating 20 years of Icebergs Dining Room and Bar the food cocktails music art and personalities that have celebrated one of Sydney's most iconic restaurants. Icebergs Dining Room and Bar is an icon standing sentinel over Bondi Beach and the powerful Pacific Ocean. Despite the beauty the path from concept to restaurant was not always straightforward. What Maurice Terzini was asking people to see wasn't there and he wanted to keep it that way. The ocean was to be the hero the rest in essence was to remain invisible. A place where conversations dominate the food where art music and beauty all share a place at that table. Of course the food and drink have to be world class as do the design and service. To be on par with that ocean you need to be irreproachable. It's been challenging but it's also been the greatest of honours. This book tells the story of the past 20 years of that custodianship. There are tales of people personalities and the influences that shaped the idea a collection of our best known recipes from two decades of head chefs cocktails from our award winning bar and playlists from summers gone by. See the restaurant through the eyes of acclaimed architect Carl Pickering peer into the minds of six of Australia's best chefs from Karen Martini to Monty Koludrovic read about why a great

wine list is about so much more than the wine and then take a little taste of the indefinable magic Maurice's treatise on his signature rules of hospitality There is so much that goes into making a restaurant disappear much of it enclosed within these pages

True to the Land Paul van Reyk, 2021-10-11 Spanning 65 000 years this book provides a history of food in Australia from its beginnings with the arrival of the first peoples and their stewardship of the land to a present where the production and consumption of food is fraught with anxieties and competing priorities It describes how food production in Australia is subject to the constraints of climate water and soil leading to centuries of unsustainable agricultural practices post colonization Australian food history is also the story of its xenophobia and the immigration policies pursued which continue to undermine the image of Australia as a model multicultural society This history of Australian food ends on a positive note however as Indigenous peoples take increasing control of how their food is interpreted and marketed
