**Biblical Eschatology:** Dr. Justin G. Prock, 2021-06-20 In recent history men from a variety of backgrounds have come to the same conclusion that the Bible is about Israel only For example In 1861 John Mason Neale translated an ancient twelfth century Latin hymn and its title was O Come O Come Emmanuel Ever since 1861 Christians have sung that hymn at Christmas time especially at Advent Do you know what the words really mean that you are singing In 1878 Edward Hine wrote an article titled Seven Eighths of the Bible Misunderstood wherein he explains that seven eighths of the Bible is about national salvation i e the national salvation of True Israel whereas only one eighth of the Bible is about personal salvation Did you know that In the 1960 s Pastor Sheldon Emry wrote an article title An Open Letter to Any Minister Who Teaches the Jews Are Israel wherein he is of the opinion that the Israel that exists today since 1948 is not the True Israel of the Bible In 1998 Arnold E Kennedy wrote a book titled The Exclusiveness of Israel wherein he legally proves using the King James Version of the Bible that the Bible in general is only about True Israel So here we are in the Twenty First Century and the Gospel that is preached today is totally convoluted from that which was preached in the First Century A D by Yahshuah and His disciples i e the Gospel of the Kingdom So where did the so called churches and pastors go wrong By the way is there really a hierarchy in the Bible In order to find out what the truth really is we have to look at the original languages in which the Bible was written and then translated For example the Old Testament was written in Hebrew and Aramaic then translated into Greek The New Testament was written in Hebrew and Greek Both Testaments were put together and translated into Latin then German and finally into English from which the entire world received their own translation of the Bible So what was the original meaning of the words used in the original languages i e the etymology of the words Once that is determined then we can go onto the next phase and discuss types in the Bible From there what is the Law of First Mention How should Bible prophecy be Interpreted Who are the keys to Bible prophecy Where are we in the Bible prophecy timeline During these discussions we will find out who Yahweh chose of all the families of the earth to make His own The churches teach universalism The question then becomes Who was Yahweh s Law given to What are the Laws of Yahweh And then the even bigger question becomes Who was Yahshuah sent to All of these questions and more will be answered as you read this book

**Why Did Yahweh and His Son Yahshuah Say What They Said?**  
Dr. Justin G. Prock,2020-05-07 YAHWEH The LORD God and His Son YAHSHUAH Jesus Christ made statements with regard to Eschatology that have been Spiritualized for over a Millennium which has led to the belief in Universalism the belief that YAHSHUAH died for EVERYONE Well after one studies the original languages of the Hebrew Aramaic and Greek the message of the Kingdom of God was preached to and accepted by a certain House in the Bible The other House rejected this message and YAHSHUAH punished that House by taking the Kingdom away from them and giving It to another nation bringing forth fruit There are only the House of Israel the House of Judah and the House of David mentioned in the Bible All three existed then as they do today However most of today s Babylonian Priesthood Churchianity refuses to accept the secular historical position with regard to the House of Israel and who they are today The people groups which YAHWEH and YAHSHUAH addressed still exist today However these people are all mixed up and known by different names but they DO exist This book goes back to the origin of these people groups in the Bible and brings them forward to the present using their old names in order to understand Eschatology This brings us to the major question of Is the Bible only about Israel And if so how does it affect our Eschatology today This book answers these hard questions

few months of the restoration of Charles II a group of twelve men including Robert Boyle and Christopher Wren met in London to set up a society to study the mechanisms of nature At a time when superstition and magic governed reason the repressive dogma of Christian belief silenced many and where post war loyalties ruined careers these men forbade the discussion of religion and politics at their meetings The Royal Society was born and with it modern experimental science This situation seems unlikely enough but the fact that the founding members came from both sides of a brutal Civil War makes its origins all the more astonishing Freemasonry and the Birth of Modern Science is a fascinating study of the turbulent political economic and religious background to the formation of the Royal Society an era of war against the Dutch the Great Plague and the Great Fire of London In particular it reveals the ambitions of one man Sir Robert Moray the key driving force behind the society Building on his detailed experience of another organization and the principles on which it was based Moray was able to structure and gain finance for the Royal Society This other organization the Invisible College as Boyle called it is known today as Freemasonry Freemasonry and the Birth of Modern Science will make you reassess many of the key events of this period and will show how Freemasonry supported by Charles II was the guiding force behind the birth of modern science under the cover of the Royal Society *More Than Free* James Jensen,2023-11-29 About the Book More Than Free Exposing

the Lies Hidden in History is a unique look at 4000 years of history through the eyes of the author's family tree. This text builds the case for a new world view whose foundation is that of truth and morality never described in another publication. It shows us that our history is not what we've been taught and indoctrinated to believe. In fact, we are supposed to believe that we don't know where we came from and who our ancient forefathers and mothers really were. People are hungry for the truth and this book delivers plenty of it. We have to ask ourselves why. Why was our history disconnected to anything that was taught to us in high school and college? What is the root cause of hiding and obfuscating our past? And who did these things? How did the settlement of Europe happen and where did these people originate? Why did they migrate and who expelled or chased them? How did America become the land of exceptional people with a unique and free perspective? Where did the idea of personal freedoms originate and how did the people of America regather in this land? This book explores all of these questions and upon exhaustive examination, research, and sagacity, a mind open to connecting the dots has found and documented the answers.

**The Islands of Destiny** William Walker, 2011-03-10. From as early as 2000 BC, the islands of Great Britain and Ireland attracted the migrating Hebrew people. Many students of early European history have been puzzled by the persistent westward trek, as though some irresistible magnetism drove those tribes with wanderlust toward the islands of the west. It was not that they were seeking new pastures; for there were rich lands on the way. It was an inner power and their calling as God's people that compelled them to seek the islands of their destiny. In *The Islands of Destiny*, author William Walker reveals the British people's glorious identity and explains Isaiah's writings in connection with its history. Originally prepared as a series of lectures, this historical study, complete with illustrations, explores the ancient Chronicles of Eri, the history of Gaal, Sciot of Iber, early Britons, and the British, Irish, Spanish, Scottish, and American connection to the birth of the Anglo-Saxon Celtic nations focusing on the British Isles and Ireland.

**Art and Artists**, 1982. *America and Great Britain* William F. Dankenbring, 2005. Identifies America and Great Britain Anglo-Saxon people as descendants of the Lost Ten Tribes of Israel, specifically Ephraim and Manasseh, sons of Joseph, through their heraldry, history, Bible prophecy, and their future in the End of Days and the need for national repentance and revival. Written from a Biblical, historical, and prophetic point of view, the book reveals the stark dangers and perils facing our nations, including coming economic collapse, tribulation, slavery, captivity, and divine punishment because of our departing from the statutes and laws of God and because of our government embracing corruption, treason, idolatry, Muslim influence, and sodomy and immorality. America is like a prodigal son but will

return to God and be saved
