Religion, Women's Health Rights, and Sustainable Development in Zimbabwe: Volume 2 Sophia

Chirongoma, Molly Manyonganise, Ezra Chitando, 2022-08-26 This volume brings to the fore the interface of religion women's sexual reproductive health and rights SRHR and the sustainable development goals SDGs in Zimbabwe. It emphasizes that empowering African women is a pivotal pillar for attaining sustainable development. Contributors discuss the need for implementing structural changes as a prerequisite for social progress and development to occur in Southern Africa. They interrogate the extent to which religious beliefs and practices either promote or impede women's SRHR. The contributors also proffer several ways in which addressing the themes of health for all and equality for all women and girls can make a meaningful contribution towards the fulfillment of the goals set for Agenda 2030. Yearbook of International Organizations

2014-2015, Volumes 1a & 1b (Set) Union of International Associations, 2014-06-16 Volume 1 A and B covers international organizations throughout the world comprising their aims, activities and events. Disability and Sexuality in Zimbabwe

Christine Peta, 2017-10-25 Disabled women represent one of the most marginalised minority groups in the world; hence they are largely silent while their sexuality is ignored, suppressed, forbidden and buried underneath the carpet. Until recently, most of the Global North's published literature on the subject of the sexuality of disabled women has predominantly been constructed from hearsay and second-hand narratives in studies which draw from the perspectives of parents, service providers and advocates without much consultation of the relevant women. By facilitating the voice of disabled women in Zimbabwe and illuminating their experiences of sexuality, this book hopes to shift the experiences of sexuality of disabled women from the periphery of society to the fore. Disability and Sexuality in Zimbabwe presents original research on an issue that is thus far not found in local research data. Whilst addressing the paucity of literature on the subject, the book informs policy and practice and enhances the existing body of knowledge by making recommendations towards the development of a disability and sexuality framework that is rooted in the African context. This book is of interest to students and scholars of African studies, disability studies, sociology, psychology, social work, nursing, education studies, geography, women's and gender studies and interdisciplinary studies. Additional audiences include a wide range of health, social care and educational professionals and practitioners as well as donors, disabled people's organisations, charities, government departments, NGOs, supranational organisations and policy makers. The Political Legacy of Colonialism in Zimbabwe Everisto

Benyera, 2024-11-18 This book investigates the political legacy of colonialism in contemporary African institutions. Using the case study of electoral and justice institutions in post-colonial Zimbabwe, the book explores how those in post-colonial states relate to and with institutions initially designed to oppress them and remain structurally and systematically colonial. The book argues that the colonial era colonised the land, knowledge and minds of Africans, resulting in injustice and epistemicides. The book demonstrates how the critical institutions of elections and justice have been rendered anti-black and toxic. The book

calls for Africa to invest in epistemic independence unencumbered by Western political modernity and then deploy that independence to build reconstituted institutions structures and systems that serve the interests of Africans This book will be an important read for African policymakers and researchers working on African politics governance and international relations *The Praeger International Handbook of Special Education* Michael L.
