The Photograph Andrew P. Jackson, 2018-12-25 What if you knew you were dying What would you do to lessen the grief of your loved ones Harry knows his time is coming and with his passing will leave his daughter Trixie all alone in the world Trixie had already lost her Mum shortly after she was born and her sister had been taken violently by her abusive husband But there were happier times Much happier times back when it was just the three of them Harry had shared his own passion for photography with them and would take his girls on trips called photo hunts challenges they would set themselves to capture the one perfect shot that would win the day Harry is sending his little girl on one final adventure solving the clues capturing the photos and ultimately discovering a truth neither of them could ever have imagined *The Photograph* will keep you guessing with every turn of the page as you share Trixie's journey to follow her father's footsteps to learn of the man she never knew and a future she could never have imagined Discover *The Photograph* for yourself and be swept away on an adventure of a lifetime 30 years in the making Zoo Bernard Livingston, 2000-11-07 In this book *ZOO* the author Bernard Livingston will present a study of this world which treats it as social history But the style will be a light handed one similar to that of his previous social study *Their Turf* the story of the world of the racehorse and the people involved therein It is to be hoped that the fun drama humor and yes enlightenment inherent in the world of the zoo will not be lacking in this work

American Zoo David Grazian, 2017-12-05 A close up look at the contradictions and wonders of the modern zoo Orangutans swing from Kevlar lined fire hoses Giraffes feast on celebratory birthday cakes topped with carrots instead of candles Hi tech dinosaur robots growl among steel trees while owls watch animated cartoons on old television sets In *American Zoo* sociologist David Grazian takes us on a safari through the contemporary zoo alive with its many contradictions and strange wonders Trading in his tweed jacket for a zoo uniform and a pair of muddy work boots Grazian introduces us to zookeepers and animal rights activists parents and toddlers and the other human primates that make up the zoo's social

world He shows that in a major shift away from their unfortunate pasts American zoos today emphasize naturalistic exhibits teeming with lush and immersive landscapes breeding programs for endangered animals and enrichment activities for their captive creatures In doing so zoos blur the imaginary boundaries we regularly use to separate culture from nature humans from animals and civilization from the wild At the same time zoos manage a wilderness of competing priorities animal care education scientific research and recreation all while attempting to serve as centers for conservation in the wake of the current environmental and climate change crisis The world of the zoo reflects how we project our own prejudices and desires onto the animal kingdom and invest nature with meaning and sentiment A revealing portrayal of comic animals delighted children and feisty zookeepers American Zoo is a remarkable close up exploration of a classic cultural attraction The Complete Guide to 35mm Zoo Photography Christopher Clark,1985 Popular Photography - ND ,1950-08 Popular Photography - ND ,1948-06 Zooland Irus Braverman,2012-11-28 This book takes a unique stance on a controversial topic zoos Zoos have their ardent supporters and their vocal detractors And while we all have opinions on what zoos do few people consider how they do it Irus Braverman draws on more than seventy interviews conducted with zoo managers and administrators as well as animal activists to offer a glimpse into the otherwise unknown complexities of zooland Zooland begins and ends with the story of Timmy the oldest male gorilla in North America to illustrate the dramatic transformations of zoos since the 1970s Over these decades modern zoos have transformed themselves from places created largely for entertainment to globally connected institutions that emphasize care through conservation and education Zoos naturalize their spaces classify their animals and produce spectacular experiences for their human visitors Zoos name register track and allocate their animals in global databases Zoos both abide by and create laws and industry standards that govern their captive animals Finally zoos intensely govern the reproduction of captive animals carefully calculating the life and death of these animals deciding which of them will be sustained and which will expire Zooland takes readers behind the exhibits into the world of zoo animals and their caretakers And in so doing it turns its gaze back on us to make surprising interconnections between our understandings of the human and the nonhuman **Tried and True** National Science Teachers Association,2010 A compilation of popular Tried and True columns originally published in Science Scope this new book is filled with teachers best classroom activities time tested tweaked and engaging These ageless activities will fit easily into your middle school curriculum and serve as go to resources when you need a tried and true lesson for tomorrow from publisher description Popular Photography - ND ,1950-08 Pythons on the Hunt Parker Holmes,2017-08-01 How do pythons move What features make them a predator Discover the answers to these questions and learn other fascinating facts about pythons From their habitat to their physical characteristics and behavior explore the incredible lives of these top predators Motion Picture Classic ,1915 **Popular Photography** - ND ,1950-08 **Encyclopedia of the World's Zoos** Catharine E. Hunting Across the Danube Peter Lewis Horn, 2014-09-02 This is the first book written in English about two of Eastern Europe's premier hunting destinations. The book is animated by the author's desire to share this little known sporting paradise with educated hunters. The chapters detail game he has hunted over the past three decades including stag, boar, roebuck, bear, wolf, chamois, capercaillie, pheasants, mouflon, sheep, and ducks in areas that regularly produce world class trophies and yet remain unknown to even the most experienced hunters. The hunting culture and traditions of Romania and Hungary which figured so prominently in the Austro-Hungarian Empire profoundly influenced the development of European and international hunting. By sharing the latest facts about the finest hunting areas, hunting seasons, and firearms and equipment, the author hopes to awaken an appreciation for all the best that Hungary and Romania offer sportsmen. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.
