ICEL 2018 13th International Conference on e-Learning Professor Eunice Ivala, 2018-07-05

University on the Border Lis Lange, Vasu Reddy, Siseko H. Kumalo, 2021-08-27 The volume explores and thinks through the process of decolonising the South African higher education system by examining MustFall The text offers theoretical insights from a historical contemporary and multidisciplinary lens while examining the embedded meanings of the university as an institution idea and set of practices to show the shifts and changes that were inaugurated by MustFall along with the historicities that define the university both locally and globally The retro and prospective insights presented in

the book surface the crisis of authority that places the university in a state of precarity which is framed in the book as the border The volume proposes the concept of the border recognising its conceptual and analytical dynamism as a generative space that can facilitate new imaginaries and articulations of this social institution the university

Negotiating Quality Concerns in Higher Education amidst Disruptions Felix Maringe,Otilia Chiramba,2025-06-02 Quality is at the heart of organisational development It is the one single reason organisations make progress or fail dismally when it is absent Disruptions can both be a catalyst for innovation and progress on one hand but when they are not well handled they can cause organisations to spiral into catastrophe and oblivion This book is about how best to safeguard quality both during and beyond disruptions Based largely on research in South Africa the collection of essays will resonate with multiple higher education contexts and audiences Collectively the essays provide compelling reading for practitioners academics researchers and policy makers in higher education The book s central message is that while disruptions can expose our organisational weaknesses they create several opportunities to drive change and transformation The essays here capture the transition from crisis to high performance and ways in which universities can navigate such journeys

Transforming Universities in South Africa ,2020-08-31 The idea of transformation in higher education underpins all policy documents academic literature and on going debates in South Africa Transforming Universities in South Africa Pathways to Higher Education Reform responds to the pressing need to comprehensively review the post apartheid experience and assess where South Africa s higher education stands across the continent and globally particularly within the country s efforts to overcome decades of socio economic imbalances It addresses the question of whether South Africa s transformation strategy from apartheid to democracy was simply a symbolic new flag raising and new anthem singing exercise reflecting a transition akin to those limited decolonization projects elsewhere in the world or whether something more fundamental was possible and was achieved with political and policy implications for other countries in Africa and globally This volume s ultimate purpose is to provide a basis for imagining new futures in which South Africa higher education in the context of Africa and the global world takes centre stage
