Baptists and Worship R. Scott Connell, 2020-11-30 Worship is dialogue It is more than that but it is not less than that The way Baptists have worshiped for three and a half centuries demonstrates this consistently in spite of their penchant for freedom and autonomy No one tells Baptists how to order their worship services They don't have a common liturgy that they must follow and yet their services look remarkably similar This is largely due to two controlling factors in their worship The Bible that they embrace as inspired inerrant authoritative and sufficient and the Christ revealing gospel that is contained within its pages When the word of God is followed closely a shape for worship order begins to emerge It is the same gospel shape that is found throughout the Bible When the word of God is applied to a worship service in which God and his people are engaged in a worship conversation a consistent contour of gospel elements and content begins to emerge that reveals the glory of the Christ we gather to worship He is so glorious that when we behold him we are transformed into the same image from one degree to another This is the power of corporate worship 2 Cor 3

Baptists and the Emerging Church Movement David Mark Rathel, 2014-07-24 In Baptists and the Emerging Church Movement David Rathel examines the major ecclesiological proposals of the emerging church movement Though many theologians argue that the emerging church movement

emphasizes epistemology Rathel contends that its primary concern is ecclesiology Emerging church leaders offer a number of important ecclesiological proposals including restructuring traditional church leadership models to accommodate the rise of postmodernity changing the mission of the church so that the church may strike a more missional tone in contemporary culture removing the categories of in or out within the church body and adopting the multi site church model In assessing these proposals Rathel draws upon historic Baptist convictions about the nature of the church using Baptists ecclesiological distinctives and long history of ecclesiological thought as a helpful reference point This book will not only serve as a guide for those who wish to learn of emerging church ecclesiology it will also be an aid to Baptists who wish to evaluate recent trends in ecclesiology in light of their denominational distinctives Redeeming the South Paul Harvey,2000-11-09 Together and

separately black and white Baptists created different but intertwined cultures that profoundly shaped the South Adopting a biracial and bicultural focus Paul Harvey works to redefine southern religious history and by extension southern culture as the product of such interaction the result of whites and blacks having drawn from and influenced each other even while remaining separate and distinct Harvey explores the parallels and divergences of black and white religious institutions as manifested through differences in worship styles sacred music and political agendas He examines the relationship of broad social phenomena like progressivism and modernization to the development of southern religion focusing on the clash between rural southern folk religious expression and models of spirituality drawn from northern Victorian standards In tracing the growth of Baptist churches from small outposts of radically democratic plain folk religion in the mid eighteenth century to conservative and culturally dominant institutions in the twentieth century Harvey explores one of the most impressive evolutions of American religious and cultural history **A Baptist Democracy** Lee Canipe,2011 The first

decades of the 20th century were days of robust optimism in the United States These were the confident years of Theodore Roosevelt and Woodrow Wilson progressive reform and high purpose This period also marked the high tide of what author Lee Canipe calls Baptist democracy the moral overlap between Baptist theology and American democracy that continues to shape the way Baptists in the United States understand and articulate their faith In this book Canipe traces the rise of Baptist democracy as reflected in the work of three prominent leaders who made their most significant contributions to Baptist life between 1900 and 1925 Walter Rauschenbusch 1861 1918 E Y Mullins 1860 1928 and George W Truett 1867 1944 Celebrating the harmony between the principles of their church and the ideals of their state these three Baptists eloquently articulated what by the turn of the 20th century had become an article of faith for many of their fellow Baptists
