UNVEILED The Secret Submissive Within Michelle Fegatofi, 2013-10-19 This is an in depth comprehensive guide for submissives new to the lifestyle and for those just wanting to broaden their knowledge more. It starts with what a submissive is, moves to common terms in BDSM contracts, continues on to possible punishments, what to look for in a Dominant and ends with a very thorough Limits Worksheet in the back. There are many more topics covered but you will have to read further to discover them. Sammy Tsunami is tall, thin and twelve, with a touch of the weird and the strange. His life near the end of the sixth grade has settled back into what passes for normal. That is until a mysterious stranger blows into town and threatens to unleash the World Cleaver. What this awful sounding mystery is exactly nobody knows. But vague clues lie in the dream country of Strangea which Sammy visits in his sleep. Only that he isn't really dreaming it up. Especially the part where a runaway comet is on a dangerous collision course to end all that is *American Milliners and their World* Nadine Stewart, 2021-01-14 Studies of millinery tend to focus on hats rather than the extraordinarily skilled workers who create them. *American Milliners and their World* sets out to redress the balance, examining the position of the milliner in American society from the 18th to the 20th century. Concentrating on the struggle of female hat makers to claim their social place, it investigates how they were influenced by changing attitudes towards women in the workplace. Drawing on diaries, etiquette books, trade journals and contemporary literature, Stewart illustrates how making hats became big business but milliners' working conditions failed to improve. Taking the reader from the Industrial Revolution of the 1760s to the sexual revolution of the 1960s and from Belle Epoque feathers to elegant cloches and Jackie Kennedy's pillbox hat, the book offers a new insight into the rise and fall of a fashionable industry. Beautifully illustrated and packed with original research, *American Milliners and their World* blends fashion history and anthropology to tell the forgotten stories of the women behind some of the most iconic hats of the last three centuries. **Telematics and Computing** Miguel Félix Mata-Rivera, Roberto Zagal-Flores, Cristian Barria-Huidobro, 2025-11-01 This book constitutes the proceedings of the 14th International Conference on Telematics and Computing WITCOM 2025 held in Huatulco, Mexico during November 3-7, 2025.
