Koza, 2021-08-31 A little known fact about the prominent US psychologist and educator Carl E Seashore 1866 1949 is that he was deeply involved in the American eugenics movement He was among the US academics to support eugenics long before German Nazis embraced it A titan in a host of disciplines and a proponent of radical education reform Seashore used his positional power to promote a constellation of education reforms consistent with central precepts of eugenics Many of these reforms including tracking gifted and talented programs and high stakes standardized testing were adopted and remain standard practice in the United States today He promulgated the idea that musical talent is biologically inheritable and he developed the first standardized tests of musical talent these tests were used by early twentieth century researchers in their attempts to determine whether there are race differences in musical talent Seashore's ideas and work profoundly shaped music education's research trajectory as well as enduring commonsense beliefs about musical ability An intersectional analysis *Destined to Fail* focuses on the relationship between eugenics and Seashore's views on ability race and gender Koza concludes that Seashore promoted eugenics and its companion eugenics because he was a true believer She also discusses the longstanding silences surrounding Seashore's participation in eugenics As a diagnosis and critique of the present *Destined to Fail* identifies resemblances and connections between past and present that illustrate the continuing influence of eugenics and the systems of reasoning that made early twentieth century eugenics imaginable and seem reasonable on education discourse and practice today It maps out discursive citational and funding connections between eugenicists of the early twentieth century and contemporary White supremacists this mapping leads to some of Donald Trump's supporters and appointees Engineering and Contracting , 1917 ASTM Bulletin , 1951 **Resources in Education** , 1997
