Pacific Northwest timber houses of Tom Kundig to the community built structures of Rural Studio and Francis K r designers everywhere are championing an architecture that exists from in and for a specific place The stunning projects presented here in the first book to examine this global shift were featured at the thirteenth and final Ghost conference held in 2011 organized by Nova Scotia architect educator and local practitioner Brian MacKay Lyons The result is the most complete collection of contemporary regionalist architecture available with essays by early proponents of the movement including Kenneth Frampton Juhani Pallasmaa and Pritzker Prize winning architect Glenn Murcutt
