Sous le signe de Mitterrand Élisabeth

Teissier, 1997-01-01T00:00:00+01:00 Comment je vais moi et comment va la France c'est par cette question rituelle que François Mitterrand avait l'habitude d'accueillir Élisabeth Teissier lors de leurs nombreuses rencontres entre 1989 et 1995. L'ancien président n'hésita pas à consulter régulièrement Élisabeth Teissier et suivre parfois ses conseils. De quoi surprendre bon nombre de ses adversaires voire même de ses proches. En retraçant les longues conversations qu'elle eut avec le chef d'état tant sur la situation politique intérieure que sur l'évolution des relations internationales, un moment décisif de celles-ci, changement de Premier ministre, guerre du Golfe, effondrement du communisme, Élisabeth Teissier apporte une contribution décisive et originale à la connaissance que l'on peut avoir de François Mitterrand de l'homme d'état comme de la personne privée. Au fil des pages de cet ouvrage, Élisabeth Teissier démontre que les astrologues comptent parmi les véritables minences grises des grands de ce monde.

Sous le signe de Mitterrand Élisabeth Teissier, 1997. L'auteur révèle qu'elle fut l'astrologue de François Mitterrand. Elle explique pourquoi le président a eu besoin de ses services et s'interroge sur la part d'intuition et d'irrationnel dans les décisions prises par nos gouvernants. Une réflexion sur la relation entre l'astrologie et le pouvoir.

How the French Think Sudhir Hazareesingh, 2015-09-22. An award-winning historian presents an absorbing account of the French mind, shedding light on France's famous tradition of intellectual life. Why are the French such an exceptional nation? Why do they think they are so exceptional? The French take pride in the fact that their history and culture have decisively shaped the values and ideals of the modern world. French ideas are no less distinct in their form while French thought is abstract, stylish, and often opaque; it has always been bold and creative and driven by the relentless pursuit of innovation. In *How the French Think*, the internationally renowned historian Sudhir Hazareesingh tells the epic and tumultuous story of French intellectual thought from Descartes, Rousseau, and Auguste Comte to Sartre, Claude L. Lévi-Strauss, and Derrida. He shows how French thinking has shaped fundamental Western ideas about freedom, rationality, and justice, and how the French mind set is intimately connected to their own way of life, in particular to the French tendency towards individualism, their passion for nature, their celebration of their historical heritage, and their fascination with death. Hazareesingh explores the French veneration of dissent and skepticism from Voltaire to the Dreyfus Affair, and beyond, the obsession with the protection of French language and culture, the rhetorical flair embodied by the philosophes, which today's intellectuals still try to recapture, the astonishing influence of French postmodern thinkers including Foucault and Barthes on postwar American education and life, and also the growing French anxiety about a globalized world order under American hegemony. *How the French Think* sweeps aside generalizations and easy stereotypes to offer an incisive and revealing exploration of the French intellectual tradition. Steeped in a colorful range of sources and written with warmth and humor, this book will appeal to all lovers of France and of European culture.
