Fellow survivors Jack, a youth minister from Woodland Park; Grace, a 17-year-old high school student from Limon; and Naomi's daughter Piper, a student at the University of Northern Colorado, all find themselves searching for a safe path forward because it's not just the world that has changed. The plague that decimates the human race also pushes mankind into evolutionary change. Those who survive are different profoundly so in ways they are just beginning to comprehend. As Naomi struggles to protect and reunite what's left of her family, she must also learn to understand and accept the changes in herself. In this strange new world, her survival and the survival of those she loves depends on it.

Research Writing Rewired Dawn Reed, Troy Hicks, 2015-10-22. Our students are online constantly and yet research shows that only half of teachers say digital tools make writing instruction easier. Research Writing Rewired seeks to turn that statistic upside down. Or rather upside right. If we want to ready students for a globalized world, 100% of teachers ought to consider technology an asset to any kind of writing. assert authors Dawn Reed and Troy Hicks. But the main wiring still has to be the ELA standards and the essential questions at the heart of each content area. To that end, the authors show you how to use digital tools within a multi-week inquiry unit to increase students' engagement as they write to learn and share knowledge. Their book is a clear model for tech-rich research writing that will inform your own inquiry-driven units. Guiding components include: An inquiry-based technology-rich unit on identity and culture that provides learners with opportunities to engage with the very same issues that are written about and discussed by citizens of a global society; 28 model lessons and a framework including extensions, tech tips, and activities that blend print, image, apps, and video so students build multi-literacy skills day by day; Recurring use of best practices like formative assessment, close reading, think-alouds, and teaching key skills including analyzing and synthesizing, annotating, checking credibility of sources, discussion, and writing about reading; Dozens of lessons and activities built around students' favorite technology tools and online destinations including Citelighter, Smore, ThingLink, Padlet, and Cuzles; Animoto, Mural.ly, and getLoupe; Genius and Lit Genius; Now Comment; You Voices; QR codes that take you to video clips on a companion website so you can see the teaching techniques and digital tools in action. It's up to us to make the digital learning in school a lot more like the digital learning we all do in life. Research Writing Rewired shows us how to channel students' passion for digital communication into meeting ELA goals.
