PERSPECTIVE AND NARRATOR

To Kill a Mockingbird is narrated in first-person point of view from the perspective of Scout Finch. At the opening of the novel Scout is six years old and living in Great Depression-era Alabama. Scout gives the unique perspective of a child as she talks about the racial and social relations in her town of

Maycomb. Her innocence adds texture and poignancy to the story. Although she doesn't fully understand what's going on around her, she gives readers enough information to interpret themselves.

TENSE

To Kill a Mockingbird is told primarily in the past tense.

ABOUT THE TITLE

To Kill a Mockingbird is a reference to one of the novel's primary symbols: the mockingbird, a symbol of innocence.

🕒 In Context

The novel's other subplot focuses on prejudice against the town's reclusive resident Boo Radley. These two subplots converge to convey powerful themes of tolerance and justice.

The novel and movie were released during the height of the American Civil Rights Movement. The first sit-in protest against segregation occurred in Greensboro, North Carolina, in February 1960. Three years after that lunch counter sit-in, Martin Luther King Jr. penned his famous "Letter from Birmingham Jail," a defense of nonviolent civil disobedience. A few months later he led the March on Washington and
