Subcreation: Fictional-World Construction from J.R.R. Tolkien to Terry Pratchett and Tad Williams Stefanie Schult, 2017-01-26 The doctoral thesis argues that the term Subcreation with its revised and broadened definition in part differing from J R R Tolkien's original term sub creation may be used for the discussion of the making of fictional worlds in literary discourse The successful conception of a fictional world depends on the reader's willing suspension of disbelief This depends both on the author and his skilled composition of the world and all its aspects as well as on the reader's acceptance of this invented fictional world The author needs to create a narrative with an inner consistency which is crucial to achieving the effect of the reader's immersion in the fictional world The fundamental aspects that an author needs to realize to achieve successful Subcreation have been structured into and analysed in four categories Language and Linguistic Variation Physiopoeia Anthropoeia and Mythopoeia Furthermore this thesis shows that as contemporary examples of fantastic literature both Tad Williams's and Terry Pratchett's fictional worlds are successfully created through the realization of these aspects of Subcreation Apart from commenting on the success of the subcreative process this thesis also remarks upon the cultural influences both authors include in their writings While both may be considered Anglophone in a general categorization Pratchett's Discworld retains a feeling of Britishness that is not to be found in Williams's Otherland The thesis proposes several approaches to Subcreation that may be studied subsequently So

for example it may be possible to determine the success of an author's Subcreation by collecting empirical data Apart from literary works this field of studies may also include other media

The Wurms of Blearmouth Steven Erikson, 2014-07-08 A new novella from New York Times bestselling author Steven Erikson set in the world of the Malazan Book of the Fallen The Wurms of Blearmouth Tyranny comes in many guises and tyrants thrive in palaces and one room hovels in back alleys and playgrounds Tyrants abound on the verges of civilization where disorder frays the rule of civil conduct and propriety surrenders to brutal imposition Millions are made to kneel and yet more millions die horrible deaths in a welter of suffering and misery But leave all that behind and plunge into escapist fantasy of the most irrelevant kind and in the ragged wake of the tale told in Lees of Laughter's End those most civil adventurers Bauchelain and Korbal Broach along with their suitably phlegmatic manservant Emancipor Reese make gentle landing upon a peaceful beach beneath a quaint village at the foot of a majestic castle There they make acquaintance with the soft hearted and generous folk of Spendrugle which lies at the mouth of the Blear River and falls under the benign rule of the Lord of Wurms in his lovely keep Make welcome then to Spendrugle's memorable residents including the man who should have stayed dead the woman whose prayers should never have been answered the tax collector everyone ignores the ex husband town militiaman who never married the beachcomber who lives in his own beard and the now singular lizard cat who used to be plural and the girl who likes to pee in your lap And of course hovering over all the denizen of the castle keep Lord Ah but there lies this tale At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied
