Virtually Free Marketing Philip R. Holden, 2015-01-23 Web 2.0 is changing the way information is perceived about products and companies. The evolution of e-commerce, wikis, blogs, and social networking sites means that the focus has shifted from impact to engagement and involvement. Virtually Free Marketing takes a look at how leading lights in e-commerce such as Amazon, Google, and YouTube have made their mark, drawing lessons that all business owners can benefit from. It takes the reader step by step through marketing their own products and services effectively and cheaply using the level playing field of the Internet and will be a must-have ready for all small business owners and managers. *Antique Radio Restoration Guide* David Johnson, 1992. This excellent book focuses on restoring, repairing, and refinishing those charming radios of the past. Discover basic, easy-to-follow techniques for repairing circuitry, troubleshooting, and cleaning up those radio treasures. **Kovels' Yellow Pages** Ralph M. Kovel, Terry H. Kovel, 1999. Need an eye for your teddy bear? Searching for another soup spoon to complete Grandma's silver? Looking for someone to repair your porcelain doll? Wondering if restoring your carousel horse will lower its value? Kovels' Yellow Pages is the ultimate directory for collectors. It helps you find sources for repair, restoration, and parts, and it lists matching services, appraisers, and auction houses—all you need to help you maintain the value of your antiques and add to your enjoyment of collecting. America's antiques experts, Ralph and Terry Kovel, also give you insider information on how to navigate the complicated world of buying, selling, and collecting antiques. They have distilled a lifetime's worth of information to give you the last word on: Where to start when you've inherited a house full of stuff; How to know if you need an appraiser and where to find one; When giving away an antique is more profitable than selling it; If repairing or restoring an object will lower or enhance its value; How to bid in out-of-town auctions. Kovels' Yellow Pages gives you firsthand information from more than 3,000 suppliers, clubs, auctions, services, and industry sources nationwide. You'll find names, addresses, telephone and fax numbers, plus e-mail and Internet addresses. There's also an extensive bibliography of price books and reference books most helpful to collectors. With this guide, you have at your fingertips the most complete and up-to-date collector's reference available anywhere. *On the Short Waves, 1923-1945* Jerome S. Berg, 2007-04-11. As radio developed in the early 1920s, the focus for most people was the AM band and stations such as KDKA, the first broadcast station. There was, however, another broadcast method that was popular among many early enthusiasts: shortwave radio. As is true today, the transmission of news and entertainment programs over shortwave frequencies permitted reception over great distances. For many in America and beyond, shortwave was an exciting aspect of the new medium. Some still tune the shortwave bands to enjoy the programming. Others pursue broadcasts for the thrill of the hunt. This book fully covers shortwave broadcasting from its beginning through World War II. A technical history examining the medium's development and use tells the story of a listener community that spanned the globe. Included are overviews of the primary shortwave stations operating worldwide in the 1930s, along with clubs and competitions, publications, and prizes.

A rich collection of illustrations includes many QSLs the cards that stations sent to acknowledge receipt of their transmissions and that are much prized by long distance collectors **1996 Amateur Radio Mail Order Catalog and Resource Directory** American Radio Relay League, Incorporated, 1995-10 **Radio Service Bulletin** ,1935 **Old Time Radios! Restoration and Repair** Joseph J. Carr, 1991 Traces the history of radio receivers explains how vacuum tubes power supply circuits and AM detectors work and offers advice on troubleshooting and repair techniques **The Human and the Machine in Literature and Culture** Kate Foster, Molly Crozier, 2025-09-30 Automation is everywhere in the supermarket in home appliances and on our commutes While we worry about what automation means for human autonomy now human societies have long wondered about their replacement by machines The Human and the Machine in Literature and Culture explores the pervasive and long standing influence of automation on humanity by dismantling the prevalent future oriented perspective of many automation debates This collection examines how literature has conceptualized automation over centuries from utopian visions of a world liberated from work and domestic labour to dystopian futures in which humans are surplus to requirements We set out social and industrial developments which feed into discourses of automation and its mediation in literary cultures By bringing together theoretical approaches to real world automation with readings of its literary interpretations this volume demonstrates literature s role as a space for hypothesizing alternate realities making clear literature s propensity to inform our attitudes to real world phenomena **Kovels' Antiques & Collectibles Fix-it Source Book** Ralph M. Kovel, Terry H. Kovel, 1990 **Guide to Old Radios** David Johnson, Betty Johnson, 1995 Tune in to the best guide to finding and pricing antique radios Prices for more than 3 330 radios and related items are listed with model names numbers and descriptions Passport to World Band Radio 1998 Lawrence Magne, 1997-09-16 Elegant rusticity meets unpretentious luxury in the work of this award winning architecture firm Howard Backen award winning principal of the architecture firm Backen Gillam Kroeger is at the center of a popular movement in home design that emphasizes comfort over pretension and elegant simplicity over complication that tends to serve the ego of architects This volume the first on his work and that of the firm is an artful exploration of that this aesthetic featuring farmhouses in the Napa Valley hilltop homes seaside retreats and lakeside hideaways Throughout the work a sense of intimacy warmth and informality pervades Natural materials such as wood stone and brick form the foundations walls and ceilings of these subtly luxurious spaces while nature itself plays a considered role that is at once complementary and also intricately conjoined with the work Long vistas open outward toward sun drenched valleys from the window lined wall of a bedroom in one home while more immediate scenes of steeply rising hillsides and hidden lakes appear from just beyond the back stoop and the rough hewn board dock of another Sensitive alluring and wonderfully resonant with the suggestion of invitation the work of Backen Gillam Kroeger is both thrilling to the eye and restorative to the soul Amateur Radio ,1999
