Tongue In Cheek English Edition:

Translation, Pornography, Performativity Douglas Robinson, Xiaorui Sun, 2025-04-11 Robinson and Sun's book goes in search of the neglected metaphors of translation in pornography using poststructuralist rethinkings and reframings of porn and masturbation from Jacques Derrida to Judith Butler In his 1684 *Essay on Translated Verse* the Earl of Roscommon attacked want of decency in translation metaphorically by comparing it to picking up prostitutes in the park raking the park for stews instead of hanging out with troops of faultless nymphs Sex work and the graphic representation of sex work that Nathaniel Butler was the first to call pornography in print in 1638 is used as a metaphor for non normative translation which in Robinson and Sun's hands becomes experimental translation En route to that goal the authors take us through Butler on performativity and resistance Derrida on supplementarity and iterability and Haun Saussy's innovative application of Derridean citationality to the use of a target cultural sponsor or bondsman for translation They take detours through Charles Baudelaire's *Une charogne* and J G Ballard's *The Drowned Giant* They deal with the performativity of pornography and translato-graphy in Part I the unnatural iterability of masturbation and translation in Part II and experimental translation in Part III The theory littered path this book takes through the metaphors of translation will be of interest to scholars and students of translation studies especially experimental translation and translation theory but also media scholars interested in the philosophical complexities of performativity

Translation, Paraversing & Distilling Prose Robin D Gill,2009-11 Readings combined into a single cluster to English Japanese poems of Joycean density untranslatable as single poems came to be called composite translations While this book essays the translation of poetry and glances at other books of multiple translation it is mostly an exhibition of the art not only intended for serious students or scholars of translation but all word lovers While the author hates how to books writing the last chapter he came to realize that not only translators but monolingual readers who find it hard to compose poems or do not know how to get other people to do so might find it instructive He dreams of millions of people working out their own poems or variations on others work rather than crossword puzzles A crossword solved ends up in the trash with a poem you can have your cake and not only eat it too but serve it up for others to eat amazon com *Humour in Self-Translation* Margherita Dore,2022-10-15 This book explores an important aspect of human existence humor in self translation a virtually unexplored area of research in Humour Studies and Translation Studies Of the select group of international scholars contributing to this volume some examine literary texts from different perspectives sociological philosophical or post colonial while others explore texts in more extraneous fields such as standup comedy or language learning This book sheds light on

examine literary translators not as functioning units but as human beings in their uniqueness Literary Translator Studies as a subdiscipline of Translation Studies demonstrates how exploring the cultural social psychological and cognitive facets of translatorial subjects contributes to a holistic understanding of translation Medieval and Renaissance Drama in England John Pitcher, 1999-03 This volume published annually contains essays by critics and cultural historians as well as reviews of the many books and essays dealing with the cultural history of medieval and early modern England as expressed by and realised in its drama Cheap Print and Street Literature of the Long Eighteenth Century David Atkinson, Steve Roud, 2023-09-04 This deeply researched collection offers a comprehensive introduction to the eighteenth century trade in street literature ballads chapbooks and popular prints in England and Scotland Offering detailed studies of a selection of the printers types of publication and places of publication that constituted the cheap and popular print trade during the period these essays delve into ballads slip songs story books pictures and more to push back against neat divisions between low and high culture or popular and high literature The breadth and depth of the contributions give a much fuller and more nuanced picture of what was being widely published and read during this period than has previously been available It will be of great value to scholars and students of eighteenth century popular culture and literature print history and the book trade ballad and folk studies children s literature and social history If Babel Had a Form Tze-Yin Teo, 2022-04-05 The likeness of form between Chinese and English sentences writes the American Sinologist Ernest Fenollosa around 1906 renders translation from one to the other exceptionally easy If Babel Had a Form asks not if his claim may be true but what its phantasmic surprise may yet do In twentieth century intersections of China and Asia with the United States translations did more than communicate meaning across politicized and racializing differences of language and nation Transpacific translation breached the regulative protocols that created those very differences of human value and cultural meaning The result Tze Yin Teo argues saw translators cleaving to the sounds and shapes of poetry to imagine a translingual likeness of form but not of meaning or kind At stake in this form without meaning is a startling new task of equivalence As a concept equivalence has been rejected for its colonizing epistemology of value naming a broken promise of translation and false premise of comparison Yet the writers studied in this book veered from those ways of knowing to theorize a poetic equivalence negating the colonial foundations of the concept they ignited aporias of meaning into flashpoints for a radical literary translation The book s transpacific readings glean those forms of equivalence from the writing of Fenollosa the vernacular experiments of Boxer Scholar Hu Shi the trilingual musings of Shanghai born Los Angeles novelist Eileen Chang the minor work of the Bay Area Korean American transmedial artist Theresa Cha and a post Tiananmen elegy by the exiled dissident Yang Lian The conclusion returns to the deconstructive genealogy of recent debates on translation and untranslatability displacing the axiom of radical alterity for a no less radical equivalence that remains pace Fenollosa far from easy or exceptional Ultimately If Babel Had a Form illuminates the demanding force of even the slightest sameness entangled in the translator s work of

remaking our differences Queer in Translation B.J. Epstein, Robert Gillett, 2017-01-06 As the field of translation studies has developed translators and translation scholars have become more aware of the unacknowledged ideologies inherent both in texts themselves and in the mechanisms that affect their circulation This book both analyses the translation of queerness and applies queer thought to issues of translation It sheds light on the manner in which heteronormative societies influence the selection reading and translation of texts and pays attention to the means by which such heterosexism might be subverted It considers the ways in which queerness can be repressed ignored or made invisible in translation and shows how translations might expose or underline the queerness or the homophobic implications of a given text Balancing the theoretical with the practical this book investigates what is culturally at stake when particular texts are translated from one culture to another raising the question of the relationship between translation colonialism and globalization It also takes the insights derived from intercultural translation studies and applies them to other fields of cultural criticism The first multi focus in depth study on translating queer translating queerly and queering translation this book will be of interest to scholars working in the fields of gender and sexuality queer theory and queer studies literature film studies and translation studies

Translation in Russian Contexts Brian James Baer, Susanna Witt, 2017-07-28 This volume represents the first large scale effort to address topics of translation in Russian contexts across the disciplinary boundaries of Slavic Studies and Translation Studies thus opening up new perspectives for both fields Leading scholars from Eastern and Western Europe offer a comprehensive overview of Russian translation history examining a variety of domains including literature philosophy and religion Divided into three parts this book highlights Russian contributions to translation theory and demonstrates how theoretical perspectives developed within the field help conceptualize relevant problems in cultural context in pre Soviet Soviet and post Soviet Russia This transdisciplinary volume is a valuable addition to an under researched area of translation studies and will appeal to a broad audience of scholars and students across the fields of Translation Studies Slavic Studies and Russian and Soviet history Chapter 1 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license available at <http://www.taylorfrancis.com/books/e/9781315305356>
