*Too Close For Comfort* Geraldine K. Piorkowski, 2007-10-10 Countless experts offer us advice on how to create the perfect relationship fostering the unrealistic expectation that forming an intimate bond will be a painless experience. Unfortunately few experts are willing to confront the powerful challenges and emotions inherent within close relationships today. In contrast to other intimacy books *Too Close for Comfort* vividly describes the surprising dangers, damage to self-esteem, inadequacies and immaturities that characterize the contemporary state of romantic intimacy. *Too Close for Comfort* compassionately explores the risks and misunderstandings that occur within many intimate relationships. Romantic partners tend to hurt each other not only by insensitivity and neglect but also by criticism, abuse and betrayal, most of which spring from insecurity. Dr. Piorkowski, a noted consulting psychologist and educator, focuses on the vulnerability both partners experience in intimacy due to the emergence of strong unrealistic needs that are almost impossible to satisfy. The author contends that people avoid the perils of intimacy by donning one or more defensive masks ranging from acting superior to mysterious, comical to withdrawn, self-sufficient to dependent in an effort to protect themselves from emotional exposure. Presenting a fascinating range of clinical examples, she sensitively depicts the fears of intimacy that limit contact, namely psychological concerns about loss of control or autonomy, feelings of disappointment and abandonment or of being attacked and made to feel guilty. Depicting women's reliance on verbal expression to achieve an emotional connection versus men's dependence on physical contact, Dr. Piorkowski brilliantly elucidates the complex barriers to intimacy, especially the chasms of misunderstanding created by vast sexual differences and attitudes. While this book is unique in its exposition of the dangers in intimacy, its message is not pessimistic.

*Adult Children of Divorce* Geraldine K. Piorkowski, 2008-10-30 Romantic love is often an elusive, fragile and tenuous state difficult to maintain across time. The rates of divorce, relationship violence and abuse today attest to the fact we are failing at romantic love. And for teen-aged and adult children of divorce, romantic love can be especially elusive. Because they have no roadmap for a satisfying, stable romantic relationship derived from their own parents, they are confused by what love is and tend to make poor partner choices. Borrowing heavily from popular culture for unrealistic standards regarding love, they become disillusioned when their all too ordinary lovers don't measure up. Especially vulnerable to the problems their parents had, they tend to overreact in a similar negative fashion and are all too ready to consider divorce when unhappiness strikes. In attempting to halt intergenerational transmission of divorce, Psychologist Piorkowski points to how we can recognize that American popular culture presents an overly sexualized, explosive and superficial version of love that can't last. With this book, adult children of divorce can begin to see how they have been affected by familial experiences and develop a new realistic map to find more fulfilling and enduring romantic relationships. Piorkowski, in an extensive review of literature, also looks at cultural factors and how they impact romantic love and marriage. In contrast to American popular culture's shallow rendition of romantic love, many cultures elsewhere in the

world emphasize compatibility religion and family allegiance As a result says the author such marriages appear more stable than American unions built upon the shifting sands of emotion     **Readings** ,1992     The Encyclopedia of Stress and Stress-Related Diseases, Second Edition Ada P. Kahn,2006 Presents information on stresses in the environment their causes effects and possible ways to minimize or eliminate them     *Too Close For Comfort* Geraldine K. Piorkowski,2007-10-10

Piorkowski, Ph.D.,2020-10-29 In this eye opening collection of essays Dr Geraldine K Piorkowski shares what she learned working with people from different socioeconomic levels races sexual orientations and walks of life Besides reaffirming that all people are fundamentally the same she discovered many psychological realities that run counter to popular culture Among her insights is the observation

that positive thinking does more harm than good at times especially when it bypasses the normal processing of negative events and emotions Another cultural misdirection is the overemphasis on romantic love as the be all and end all of existence where unrealistic expectations lead to love's downfall She also notes that unhealthy narcissism which runs rampant in American culture is quite different from the healthy variety that is the bedrock of self love These illuminating and provocative essays titled 1 Positive Thinking Isn't All It's Cracked Up to Be 2 When Is Madness Better than Sadness 3 Romantic Love Is Mostly an Illusion 4 Vulnerable People Are More Likable than Super Confident Ones 5 You Can't Make Anybody Do Anything 6 Luck or Chance Has Been Badly Underrated 7 A Smidgen of Narcissism Adds Joy and Spice to Life and 8 Empathy and Healthy Religion Go Hand in Hand all provide a new understanding of psychological health and well being *How to Love Your Wife* John R.
