Enter the Superheroes Alex S. Romagnoli, Gian S. Kathy Brodie, Early Years Consultant, UK

Early Years Consultant, UK

Julie Cigman has given us a practical and principled way forward in supporting boys' writing. This book is shot through with rich examples of effective practice and deserves to be widely used. Young boys' writing is brought alive for us in these pages and the groundedness in practice demonstrates how boys' achievement in writing can be appropriately supported from an early age. This is a book for everyone interested in promoting early literacy development. An excellent read and a practical compendium.

Professor Cathy Nutbrown, School of Education, The University of Sheffield

How do we give young children a writer's voice and allow them to become creative and inspired writers? *Supporting Boys' Writing in the Early Years* shows you how you can help boys to become confident and capable writers by supporting them to write in ways that make sense to them on the move, outside and inside, in dens, in bushes, in mud, or sprawled on the floor, dressed as superheroes. Drawing on four boys' writing projects involving over 80 practitioners, the book reveals that a playful, child-centred approach can allow boys and girls to develop a writer's voice and raise attainment in writing as well as enhancing all aspects of young children's development. With a strong focus on observation-led assessment and planning, the book is full of practical ideas to improve the writing environment and provide writing opportunities that will be enjoyable and motivating for children. Featuring a wide range of case studies, it covers the stages that children move through in learning to write, how you can change and develop your learning environments to give children inspiring resources and opportunities to write, helping children to find a purpose to write through their play, practical ways to create a partnership with parents that builds on their strengths as educators at home. This book will help you to create a truly enabling environment for writing and is essential reading for all those that want the children in their setting to become confident, motivated, and creative writers.

Jeff Lemire Dale Jacobs, 2022-04-19 In a 2019 interview with the webzine *DC in the 80s*, Jeff Lemire (b. 1976) discusses the comics he read as a child growing up in Essex County, Ontario: his early exposure to reprints of Silver Age DC material, how influential *Crisis on Infinite Earths* and DC's *Who's Who* were on him as a developing comics fan, his first reading of *Watchmen* and *The Dark Knight Returns*, and his transition to reading the first wave of Vertigo titles when he was sixteen. In other interviews, he

describes discovering independent comics when he moved to Toronto days of browsing comics at the Beguiling and coming to understand what was possible in the medium of comics lessons he would take to heart as he began to establish himself as a cartoonist Many cartoonists deflect from questions about their history with comics and the influences of other artists while others indulge the interviewer briefly before attempting to steer the questions in another direction But Lemire creator of Essex County Trilogy Sweet Tooth The Nobody and Trillium seems to bask in these discussions Before he was ever a comics professional he was a fan What can be traced in these interviews is the story of the movement from comics fan to comics professional In the twenty nine interviews collected in Jeff Lemire Conversations readers see Lemire come to understand the process of collaboration the balancing act involved in working for different kinds of comics publishers like DC and Marvel the responsibilities involved in representing characters outside his own culture and the possibilities that exist in the comics medium We see him embrace a variety of genres using each of them to explore the issues and themes most important to him And we see a cartoonist and writer growing in confidence a working professional coming into his own
