Culture, and Development Rinos Mwanaka, wa Makokha, 2018-05-16 Writing Language Culture and Development has 2 essays, 6 stories, 63 poems, 2 plays, and 50 translations into 13 languages: Chinese, Japanese, Nepalese, Arabic, Russian, Korean, Kiswahili, Shona, Hausa, Idoma, Igbo, Akan, Twi, and of course English. From authors and poets who reside in these among other countries: South Africa, Japan, Vietnam, Nepal, China, Korea, Russia, Tunisia, Nigeria, India, USA, Canada, Australia, Italy, Zimbabwe, Ghana, Kenya, and the UK, who are connected to these two continents, Asia and Africa. Nurturing South-South interactions and interlocutions spiritually is an open-ended discourse and praxis. We envision this ground-breaking idea as testament to future cooperations between the two continents. We believe Africa and Asia can use their competencies, i.e. human capital, culture, and languages, histories, and deconstructionist agendas to create developmental competences, and this book highlights and explores a number of pathways that creatives of the two lands can explore and exploit as they march into a future of Weltliteratur. The cast and nature of the book and its content is a product of thought, imagination, and environment. We invite you to its offerings that individually and collectively accentuate our allied artistic commitment to the Humanities as an arena of thought on identities, languages, cultures, histories, and epistemologies of postcolonial posture.
