Fundamental Concepts and Skills for Nursing Susan C. deWit, Patricia A. Williams, RN, MSN, CCRN, 2013-01-18 Part of the popular LPN Threads series, this market-leading text features an easy-to-follow writing style and organization to teach you the concepts and skills you need to know to practice nursing in a variety of care settings. This new edition offers in-depth discussion of QSEN competencies, rationales for the NCLEX-PN review questions, and new icons to point out the most current evidence-based information. Standard LPN Threads features include helpful characteristics such as full-color design, key terms, numbered objectives, key points, critical thinking questions, critical thinking activities, glossary, and references. Easy-to-follow reading level and text organization presents information from simple to most complex. Think Critically boxes help you synthesize information and apply concepts beyond the scope of the chapter. Cultural Considerations related to biocultural variations, as well as health promotion for specific ethnic groups, demonstrate how to provide culturally competent care. Elder Care Points highlight changes that occur with aging and how they affect nursing care. Home Care boxes highlight the necessary adaptations of nursing skills and techniques for the patient in the home care setting. NEW Rationales for NCLEX review questions at the end of each chapter help you understand why your choices were correct or incorrect. NEW Full-text reviews by experts in the field offer consistency and ease of understanding as you progress through the book. NEW Evolve margin icons denote supplemental material for students on Evolve. NEW Evidence-Based Practice margin icons point out the most current and evidence-based information. NEW In-depth discussion of the Quality and Safety Education for Nurses (QSEN) within the text provides the knowledge, skills, and attitudes necessary to continuously improve the quality and safety of the healthcare systems.
