Alexandra Oeser, 2019-08-01 For more than half a century discourses on the Nazi past have powerfully shaped German social and cultural policy Specifically an institutional determination not to forget has expressed a duty of remembrance through commemorative activities and educational curricula But as the horrors of the Third Reich retreat ever further from living memory what do new generations of Germans actually think about this past Combining observation interviews and archival research this book provides a rich survey of the perspectives and experiences of German adolescents from diverse backgrounds revealing the extent to which social economic and cultural factors have conditioned how they view

representations of Germany's complex history *Letter from China* Peter James Froning, 2003-12-12 http://mysite.verizon.net/Letter_from_China Letter from China is a poignant and irreverent diary of the author's yearlong 2001-2 experience of teaching English to college students in Beijing, Peoples Republic of China. From the very first pages, the author draws you into his struggle with a culture worlds away from his comfort zone. The author's generous and compelling personality allowed him to gain access to the lives of his students and their families who became characters in his tale. One can experience the author's wit and humanity throughout the narrative. The author's humorous view of China is especially timely and dovetails with the current explosion of interest in that country as it enters the modern world. The book is neither a travelogue nor a look at the government, although elements of those subjects are woven into the story. Instead, it is an engaging look at China tailored toward those who know little about it. Still, those who have lived and/or traveled there will also enjoy the book as it reminds them of the absurdities they too experienced *Action Research for English Language Arts Teachers* Mary Buckelew, Janice Ewing, 2019-03-13 Offering preservice and inservice teachers a guide to navigate the rapidly changing landscape of English Language Arts education, this book provides a fresh perspective on what it means to be a teacher-researcher in ELA contexts. Inviting teachers to view inquiry and reflection as intrinsic to their identity and mission, Buckelew and Ewing walk readers through the inquiry process from developing an actionable focus to data collection and analysis to publication and the exploration of ongoing questions. Providing thoughtful and relevant protocols and models for teacher inquiry, this book establishes a theoretical foundation and offers practical, ready-to-use tools and strategies for engaging in the inquiry process in the context of teachers' communities. *Action Research for English Language Arts Teachers: Invitation to Inquiry* includes a variety of examples and scenarios of ELA teachers in diverse contexts, ensuring that this volume is relevant and accessible to all educators **Hayabusa2 Asteroid Sample Return Mission** Masatoshi Hirabayashi, Yuichi Tsuda, 2022-04-14 Hayabusa2 Asteroid Sample Return Mission: Technological Innovation and Advances covers the second Japanese asteroid sample return mission.
