

**Graduation Speech – Class of 2015**  
**Saint Xavier High School - May 17, 2015**

Graduates:

Welcome to this Day and to the meaning behind the dignity of this ceremony as you join the ranks of Saint Xavier's alumni.

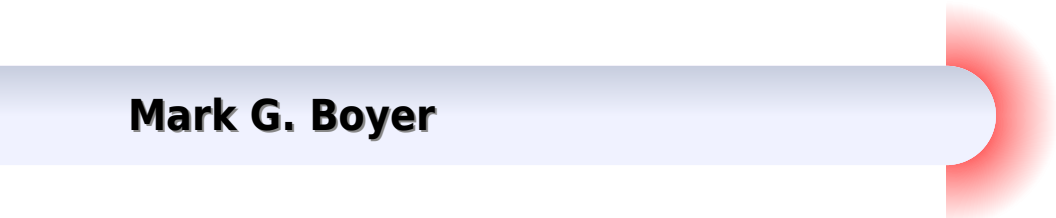

You have been school leaders at an historical time as we concluded the celebration of the school's 150<sup>th</sup> Anniversary. Reflect for a moment on that history, on those who have gone before you, developing the philosophy, programs and facilities and paving the way for the opportunities you have had and the experiences we have shared. Soon it will be your responsibility to ensure a St. X experience for other students and that such opportunities are there and even better for them.

Then reflect one more time on our theme for the year: ***Together, we dream, we believe and we achieve.*** Those who walked the halls, took the classes and were part of the teams and activities before you continued to dream, developing a vision for what St. X has become and achieving in ways that propelled our school forward. And all along the way, they believed faithfully that God would walk with them and provide even more opportunities to learn, know, love and serve.

You have continued the traditions, stretched the vision and walked together in faith in all that we have asked you to do.

**My Life of Ministry, Writing, Teaching, and Traveling** Mark G. Boyer, 2021-02-04 In My Life of Ministry Writing Teaching and Traveling The Autobiography of an Old Mines Missionary I present my life as a child growing up in a French village about sixty miles south of St Louis in the middle of the twentieth century. After eighteen years of life in Old Mines the oldest settlement in the state of Missouri I moved to St Louis for four years and then to St Meinrad Indiana for four years where education opened my eyes to a world very much larger than my village of origin. Life continued for me after ordination as a priest in the Roman Catholic Church in Springfield and Joplin Missouri. Because my life is the thread stitching together this book I have made it manageable by dividing it into four categories: ministry, writing, teaching, and travel. These categories contain the stories of others whose life threads of seventy years are woven into my lifetime tapestry. This is my autobiography, one of a missionary from Old Mines to the thirty-nine counties forming the southern third of the state of Missouri composed during my seventieth year of life.

Yost, 2022-11-14 This voice-driven narrative non-fiction book relays the stories of seven courageous women whose lives have been greatly impacted by a loved one's stroke resulting in loss of language ability to one degree or another. 1837 From the start of transcendentalism and America's intellectual renaissance in the 1830s to the Civil War and beyond the story of four extraordinary friends whose lives shaped a nation Beginning in the 1830s coincidences that seem almost miraculous in retrospect brought together in Concord as friends and neighbors four men of very different temperaments and talents who shared the same conviction that the soul had inherent power to grasp the truth and that the truth would make men free of old constraints on thought and behavior In addition to Emerson a philosopher there was Amos Bronson Alcott an educator Henry David Thoreau a naturalist and rebel and Nathaniel Hawthorne a novelist This book is the story of that unique and influential friendship in action of the lives the friends led and their work that resulted in an enduring change in their nation's direction From the Prologue     *The Jekyll Island Cottage Colony* June Hall McCash, 1998 During the Gilded Age Jekyll Island Georgia was one of the most exclusive resort destinations in the United States Owned by the most elite and inaccessible social club in America a group whose members included Rockefellers Pulitzers Vanderbilts Goulds and Morgans this quiet refuge in the Golden Isles was the perfect winter getaway for the wealthy new industrial class of the snowbound North In this delightful book a companion volume to *The Jekyll Island Club Southern Haven for America's Millionaires* June Hall McCash focuses on the social club's members and the cottages they built near the clubhouse between 1888 and 1928 Illustrated with hundreds of never before published photographs from private family collections *The Jekyll Island Cottage Colony* tells the stories of each home the owners' connections with the island and their interactions with one another While quite grand by today's standards these homes were relatively simple in design built to enhance rather than subdue the island's wild beauty The cottages of Jekyll's Millionaire's Row were not nearly as lavish as their Newport counterparts but typified Victorian resort architecture from New England to Florida ranging from Queen Anne to shingle to Spanish and Mediterranean styles After the Jekyll Island Club disbanded following World War II the state of Georgia acquired the island to ensure its conservation Once threatened by years of neglect and disrepair the elegant clubhouse has been converted to a hotel and many of the gracious cottages have been restored to their original condition *The Jekyll Island Cottage Colony* is a fascinating guide to a unique treasure of architectural history as well as a personal look at golden days gone by     *Writing Blackness* James W. Coleman, 2010-12-10 One of the most critically acclaimed yet least recognized contemporary writers African American author John Edgar Wideman creates work often described as difficult even unfathomable In *Writing Blackness* James Coleman examines Wideman's prolific body of work with the goal of making his often elusive imagery and dense style more accessible and thus broadening his readership More so than for most writers Coleman shows Wideman's life has affected his writing Born in 1941 Wideman grew up in a Pittsburgh suburb where he attended an integrated high school starred on the basketball team and was senior class president and valedictorian At the University of Pennsylvania he studied creative writing and became an all Ivy League basketball player Winning a Rhodes scholarship he studied at Oxford after which he returned to Penn and became its first black tenured professor Wideman published his first novel *A Glance*

Away at age twenty six and by 1973 had published two more works of fiction But for all this success something began to wear on him In 1973 his grandmother died and after listening to family stories when he traveled home for the funeral Wideman began to change his world view Between 1973 and 1981 Wideman published nothing and immersed himself in African American culture reading widely and even more important moving much closer to his family Since 1981 Wideman has refocused his life and writing on blackness and published twelve experimental works all very different from his earlier books Coleman examines nearly all of Wideman s work from A Glance Away 1967 to Fanon 2008 He shows how Wideman has developed a unique style that combines elements of fiction biography memoir history legend folklore waking life and dream in innovative ways in an effort to grasp the meaning of blackness an effort that makes his writing challenging but that holds more than ample rewards for the perceptive reader In Writing Blackness Coleman demonstrates why Wideman ranks among the best of contemporary American writers
