Writing Medical Papers A Practical Guide:

Writing Medical Papers James Calnan, Andras Barabas, 1973-01-01 *How Not to Write A Medical Paper* Markus K. Heinemann, 2016-06-15 Writing a medical paper or any other scientific text is full of pitfalls which make it difficult to get it accepted for publication This unique book gives practical advice on how one can circumvent these dangers It is richly filled with examples predominantly negative ones which exhibit how one should not write a medical paper This book highlights the fallibilities that manuscripts are often susceptible to and hence will help writers avoid committing those mistakes Special Features Abundant information about a complex subject condensed in a small format Numerous examples from bad manuscripts to drive home concepts Practical advice on mistakes to be avoided Explanation of the fate of a manuscript after its submission and eventually acceptance to help writers understand expectations and responses Lucid language and enjoyable read This book will be of value to anyone with an interest in scientific publishing Junior medical scientists independent of specialty experienced scientists who wish to venture as authors reviewers and even editorial personnel can refer to the book time and again *Publish and Flourish: A Practical Guide for Effective Scientific Writing* Amar A Sholapurkar, 2011-07 Publish and Flourish provides concise comprehensive advice on how to write a scientific paper Beginning with a basic introduction this reference guides professionals step by step through the core skills necessary for the preparation of an original research paper review articles and case reports The principles can be applied to all disciplines of health sciences and this text offers practical advice with illustrated examples to help medical writers achieve publication in good journals **Constructing Interpersonality** Enrique Lafuente-Millán, Rosa Lorés-Sanz, Pilar Mur-Dueñas, 2010-02-19 The view that academic discourse is by definition impersonal has long been superseded It seems unquestionable now that the interpersonal component of texts that is the ways in which the writers project themselves and their audience in the discourse is an essential factor determining the success of scholarly communication and has become a fundamental issue in the field of English for Academic Purposes EAP Interpersonality is the key issue around which the articles in this edited book focus on The eighteen contributions included in this volume provide a wide exploratory view of the many academic genres in which interpersonal is manifested and the various analytical approaches from which the textual manifestation of that interpersonal can be studied The varied origin of the contributors is also representative of the global interest that the issue of interpersonal arouses in the field of academic discourse analysis at an international level The present volume constitutes a highly valuable tool for applied linguists and discourse analysts with an interest in EAP as well as for students instructors and language teachers interested in academic discourse The book may also be of interest to other agents intervening in the research publication process such as translators proofreaders reviewers and editors *Handbook of Writing for the Mathematical Sciences* Nicholas J. Higham, 1998-08-01 Nick Higham follows up his successful HWMS volume with this much anticipated second edition **Research Methods for Therapists** Avril Drummond, Jo Campling, 2013-11-11

This book is aimed at beginners If you are totally confused and dismayed at the prospect of undertaking a research project read on If you are an expert in research this is not the book for you unless you merely wish to revise your existing knowledge Above all this book is intended as an outline and a guide It does not provide a definitive recipe on how to conduct a research project You will learn by your own studies which methods and techniques suit you best and how to modify ideas to meet your own requirements NB Therapist is referred to as she in the text for simplicity Acknowledgements lowe particular thanks to Dr Naomi Fraser Holland for her substantial contributions to the production of this book My sincere thanks also go to Marion Walker Dr John Gladman Dr Nadina Lincoln Dr Alison Hammond and Julia Nuthall for ideas information and advice and to Jane Greaves for her wonderful cartoons I would also like to acknowledge the assistance of colleagues at the Stroke Research Unit City Hospital Nottingham and at the Derby School of Occupational Therapy I am grateful to Jo Campling for her support and guidance and to the staff at Chapman Hall for all their assistance Finally special thanks to my husband Dr Tim Daniel for his encouragement and good humour
