Communication for Consultants Rita R. Owens, 2016-05-26 From the moment of their first client engagement, consultants in all fields face communication opportunities and challenges. No matter what their focus may be—professional services, accounting, technology, operations, human resources, manufacturing, or marketing—consultants drive change. From the pre-engagement process to the actual engagement to the post-engagement follow-up, consultants are challenged by the variety of audiences whose roles continually shift throughout a project. This book guides a current or would-be consultant through the various phases of a typical engagement and gives practical advice and direction on written and oral communication throughout a project.
