always been the case. Creators Rod Serling, Dan Curtis, William Castle, Quinn Martin, John Newland, George Romero, Stephen King, David Lynch, Wes Craven, Sam Raimi, Aaron Spelling, and others have toiled to bring the horror genre to American living rooms for years. This large-scale reference book documents an entire genre from the dawn of modern horror television with the watershed Serling anthology *Night Gallery* (1970), a show lensed in color and featuring more graphic makeup and violence than ever before seen on the tube, through more than 30 programs including those of the 1998-1999 season. Complete histories, critical reception, episode guides, cast/crew and guest star information, as well as series reviews, are included along with footnotes, a lengthy bibliography, and an in-depth index. From *Kolchak: The Night Stalker* to *Millennium*, from *The Evil Touch* to *Buffy the Vampire Slayer* and *Twin Peaks*, *Terror Television* is a detailed reference guide to three decades of frightening television programs, both memorable and obscure.

Take One's Essential Guide to Canadian Film Wyndham Wise, 2001-12-15 *Take One's Essential Guide to Canadian Film* is the most exhaustive and up-to-date reference book on Canadian film and filmmakers, combining 700 reviews and biographical listings with a detailed chronology of major events in Canadian film and television history. Compiled by Wyndham Wise, the editor and publisher of *Take One*, Canada's most respected film magazine, with a foreword by Canadian director Patricia Rozema, this is the only reference book of its kind published in English. Each film title is listed with credits, a mini-review, and significant awards. Biographical listings of directors, producers, actors, writers, animators, cinematographers, distributors, exhibitors, and independent filmmakers are accompanied by date and place of birth, date of death (if applicable), a brief career overview, and a filmography. Wise celebrates Canadian achievement on both a national and an international scale and juxtaposes the

distinctly Canadian with Canada's exports to Hollywood Maury Chaykin and Jim Carrey John Candy and William Shatner Mon
 Uncle Antoine and Porky's Highway 61 and Meatballs The Red Violin and The Art of War From great early Hollywood stars
 like Walter Huston Fay Wray Mary Pickford Norma Shearer and Marie Dressler to our current crop of star directors
 including Patricia Rozema Atom Egoyan David Cronenberg Denys Arcand Peter Mettler Guy Maddin and Robert Lepage
 Canadians have made an important but largely unrecorded contribution to the history of world cinema Impressive for its
 breadth of coverage refreshing in its opinionated informality this comprehensive and lively look at Canadian film culture at
 the start of the twenty first century admirably fills the gap *Television After TV* Lynn Spigel, Jan Olsson, 2004-11-30 A
 critical reassessment of television and television studies in the age of new media *The X-Files* Theresa L.
 Geller, 2016-12-05 A social and cultural analysis of The X Files focusing on the genres the program employed in its
 interrogation of American history politics and identity Premiering in 1993 on FOX Network The X Files followed the
 investigations of two FBI special agents Fox Mulder and Dr Dana Scully as they pursued the supernatural the bizarre and the
 alien as well as the government conspiracies at work to conceal the truth of their existence For nine seasons Chris Carter's
 series broke new ground in complex narrative television by integrating science fiction and horror with the forensic
 investigation of the detective genre Shaped by the conspiracy films of the 1970s the series had the ability to comment on the
 contemporary political climate one week and poke fun at its own self seriousness the next Responding to its cinematic visual
 style haunting score complex and nuanced writing witty dialog and the exceptional acting of David Duchovny and Gillian
 Anderson who elevated the show with their chemistry fans embraced The X Files making it one of the most beloved cult
 television series to this day The aim of this book is to provide the reader with several points of entry into the television series
 with social cultural and political analyses framed by the examination of the show's many overlapping genres Divided into
 chapters highlighting the episodic standalones known as the monster of the week MOTW and the serial mythology or
 mytharc the first section of the book explores the ways the MOTWs represented social differences in stories of fantastic
 supernatural beings both strange and estranged Through comparative analyses and detailed discussions of individual
 episodes it becomes clear that the MOTWs were less concerned with the alien than with alienation using the figure of the
 monster to focus on a range of ethnic racial and social outsiders The latter half of the book turns to the serialized mythology
 examining both the arc of the alien conspiracy as well as the fan driven relationship between Mulder and Scully While the
 romance subplot was powered in part by the show's fans the alien government conspiracy mythology was Carter's unique
 vision This volume argues that The X Files was a milestone because it employed the generic tropes of science fiction to call
 our attention to contemporary global politics and the history behind them Specifically Theresa Geller maps the ways the
 series used the mytharc not to predict the future but to unbury the violence and injustice of our own past With its return to
 television as an event series in 2016 this volume offers a timely assessment of the show's cultural relevance and social

significance Fans of the show as well as readers interested in cultural studies genre criticism race and ethnicity fan studies social commentary and gender studies will appreciate this insightful examination of the series *Watching TV* Harry Castleman, Walter J. Podrazik, 2024-12-16 Castleman and Podrazik present a season by season narrative that encompasses the eras of American television from the beginning in broadcast through cable and now streaming They deftly navigate the dizzying array of contemporary choices so that no matter where you start on the media timeline *Watching TV* provides the context and background to this multi billion dollar enterprise Drawing on decades of research the authors weave together personalities popular shows corporate strategies historical events and changing technologies enhancing the main commentary with additional elements that include fall prime time schedule grids for every season date box timelines highlighted key text and selected photos Full of facts firsts insights and exploits from now back to the earliest days *Watching TV* is the standard chronology of American television and reading it is akin to channel surfing through history The fourth edition updates the story into the 2020s and looks ahead to the next waves of change This new edition is the first to also be available in a digital format **TV Guide**, 2003 **Report of the Secretary of the Senate** United States. and canceled after a mere 17 stories The author acknowledges the show was full of dramatic cliches and scientific inaccuracies but despite these shortcomings Battlestar Galactica was a dramatically resonant series full of unique and individual characters such as Commander Adama Lorne Greene and ace warrior Captain Apollo Richard Hatch The author contends that Battlestar Galactica was a memorable attempt to make science fiction accessible to mainstream television audiences The brilliant work of artist John Dykstra brought a new world of special effects to network television Battlestar Galactica also skillfully exploited legends and names from both the Bible and ancient mythology which added a layer of depth and maturity to the weekly drama
