How to Get Published and Win Research Funding Abby Day, 2023-06-19. Most journal articles and research proposals are rejected. That represents a waste of everyone's time, energy, and spirit, especially now when more than ever academic careers are precarious. In this practical book, Professor Abby Day addresses these two interrelated and most challenging areas for academics and researchers in their professional careers: how to secure research funding and how to get research published. Reviewers, unpaid and often unappreciated, are over-stretched with their regular academic jobs and increasingly reluctant to spend time reading poorly constructed papers or proposals. This book explains how to overcome these and other common obstacles to successful publication and funding.
