of trending themes are organized thematically in five sections Digital Futures Digital Diversity Digital Lives Digital Spaces Digital Ethics This is an essential guide to digital writing and literacies research with transformational ideas for educational and professional practice It will enable new and established researchers to position their studies within highly relevant directions in the field and to generate new themes of inquiry **Create, Compose, Connect!** Jeremy Hyler,Troy Hicks,2014-04-16 Find out how to incorporate digital tools into your English language arts class to improve students reading writing listening and speaking skills Authors Jeremy Hyler and Troy Hicks show you that technology is not just about making a lesson engaging it s about helping students become effective creators and consumers of information in today s fast paced world You ll learn how to use mobile technologies to teach narrative informational and argument writing as well as visual literacy and multimodal research Each chapter is filled with exciting lesson plans and tech tool suggestions that you can take back to your own classroom immediately See Jeremy Hyler s TEDx <https://www.youtube.com/watch?v=WHtXIjvSSAA> Best Practices in Writing Instruction Steve Graham,Charles A. MacArthur,Jill Fitzgerald,2013-03-19 Highly practical and accessible this indispensable book provides clear cut strategies for improving K 12 writing instruction The contributors are leading authorities who demonstrate proven ways to teach different aspects of writing with chapters on planning revision sentence construction handwriting spelling and motivation The use of the Internet in instruction is addressed and exemplary approaches to teaching English language learners and students with special needs are discussed The book also offers best practice guidelines for designing an effective writing program Focusing on everyday applications of current scientific research the book features many illustrative case examples and vignettes *Teaching Writing* Cynthia L. Caywood,Gillian R. Overing,1987-01-01 This anthology explores the relationship between feminism and writing theory The chapters cover the major issues basic pedagogical theory and philosophical approaches to the teaching of writing studies of problems encountered by female writers and writing instructors and useful how to essays on classroom technique The authors also address important provocative questions about power in the classroom its use abuse and distribution The book is based on the concept of equity which the editors define Equity does not mean to us the abolition of differences among individuals nor does it imply a blanket imposition of an Orwellian homogeneity It does not mean stifling some voices so that others may be heard it does not demand the compromising of academic standards in the name of egalitarianism Equity as we understand it creates new standards which accommodate and nurture differences Equity fosters the individual voice in the classroom investing students with confidence in their own authority Equity unleashes the creative potential of heterogeneity this definition of equity is at the heart of this anthology and our attempts as teachers to model our pedagogy on this principle provided the impetus for assembling it from the Introduction *Teaching Writing Primer* Paul L. Thomas,2005 Until a few decades ago student writing stood as a distant third in the three R s Since the late 1970s however students have been asked to write more and teachers have been expected to teach writing more specifically In spite of this mandate however little has

been done to prepare teachers for this shift in the curriculum This primer provides a brief history of the field as well as an exploration of what we now know about teaching Teachers entering the field as well as seasoned veterans will find how to foster student writers and to grow as writers themselves Writing Instruction Across the Disciplines Steve Graham,Carol Booth Olson,Tanya Baker,Huy Q. Chung,Undarmaa Maamuujav,Jacob Steiss,2025-12-05 This book translates the best current research on adolescent writing instruction into teacher friendly practices that are easy to implement in today s diverse classrooms Leading experts present instructional methods that are applicable across the curriculum as well as specific proven techniques to build writing skills and promote critical thinking in English language arts social studies science and math Key chapters address multimodal writing and pedagogical uses of generative artificial intelligence AI Other essential topics include self regulated strategy development culturally sustaining writing practices writing for college readiness and teaching argument writing Guiding Questions Action Steps and helpful classroom examples in each chapter enhance the book s utility as a teacher resource and course text **Culture of Letter-Writing in Pre-Modern Islamic Society** Adrian Gully,2008-02-07 The Culture of Letter Writing in Pre Modern Islamic Society received an honourable mention from the British Kuwait Friendship Society at BRISMES 2009Writing letters was an important component of intellectual life in the Middle Islamic period telling us much about the cultural history of pre modern Islamic society This book offers a unique analysis of letter writing focusing on the notion of the power of the pen The author looks at the wider context of epistolography relating it to the power structures of Islamic society in that period He also attempts to identify some of the similarities and differences between Muslim modes of letter writing and those of western cultures One of the strengths of this book is that it is based on a wide range of primary Arabic sources thus reflecting the broader epistemological importance of letter writing in Islamic society
