How to be a Successful Academic Researcher Jim Macnamara,2024-10-03 This book is a comprehensive practical guide to successful academic research Drawing on lived experiences across a variety of academic disciplines and commercial practice Jim Macnamara illustrates the many successes challenges and failures involved in academic research

Write Your Novel One Day at a Time J. W. Judge,2022-11-01 You ve always had the ideas for your novel Now you can do the work of writing it *Write Your Novel One Day at a Time* will help develop the processes to do the creative work of writing your novel I will show you the power of consistency by giving you a look at my daily word counts and journal entries through the six month endeavor of writing my third novel while working my day job as a commercial litigator and raising a young family My writing has been twenty five years in the making and now includes four non fiction books and three novels All these books have been written in small chunks a few hundred words at a time because small increments are the only ones I have Through this book I will show you how showing up daily to do your creative work will help you deliver the book you want to write But I m not the only one who has had to juggle writing family and a career In *Write Your Novel One Day at a Time* I interview five successful writers who began writing their novels during their professional careers Through these interviews and my own experiences I will help you develop a blueprint for how you can get your creative work done I am not a guru who has all the answers I am a writer who is figuring things out as I go So as I learn on the fly I want to help flatten the learning curve and provide some encouragement for those of you who

also aspire to write novels and get your words and your work into the world

Writing for Earth Scientists Stephen K. Donovan, 2017-03-14 The time has come You are an Earth scientist You've spent weeks months years working on this project now is the time to pull it together for publication You might be writing an undergraduate or graduate thesis a research paper for a leading journal a note for the newsletter of the local amateur scientific society a book review or an abstract for a specialist geological conference How do you make the transition from promising unpublished researcher to established academic author Of course the phrase academic publishing covers a multitude of sins monographs research papers book reviews conference abstracts or whatever each requires a different approach You have to decide what it is you are going to write and where to publish it There are co authors supervisors of your degree peer reviewers and editors to deal with on the way But the only way to write like an academic is to write like an academic where do you start You could do much worse than start here There are many books on how to write and be published aimed at research students and other aspiring academics Many of these are readable comprehensive and provide good advice This book is composed of numerous short chapters on this subject all directly relevant to one or more aspects of academic publishing and aimed particularly at the Earth scientists in the broadest sense Geologists will be encouraged to use the book as much as a reference as a reader dipping in to the chapters that contain relevant tips hints and comments to enable them to improve the paper that they are currently writing The book is intended to be informative readable and above all of practical application for all readers In summary the volume will be a readable compilation investigating many facets of academic publishing relevant to the Earth sciences It will be of particular interest to postgraduate students postdocs and new academics

How to Write about the Media Today Raúl Damacio Tovares, 2010-03-02 A comprehensive and practical guide to writing a successful media paper or report from selecting a topic to submitting the final draft How to Write about the Media Today is the first book to offer students and media practitioners a comprehensive approach for researching and preparing a report paper or presentation on some aspect of today's mass communication How to Write about the Media Today begins with a discussion of different types of media outlets from traditional newspapers and television to the Internet as well as an overview of contemporary directions in media studies This is followed by a series of step by step strategies for selecting topics conducting research and writing cogently and engagingly about media related events and issues Because each chapter stands on its own this resource can be read sequentially or consulted topic by topic as needed
