Topic: Literature | Words: 635 | Pages: 3

Since its release, *Wuthering Heights* has been a subject of criticism for many. The only novel by Emily Jane Bronte, written in 1847, has been put under the spotlight due to its doubtful theme, which is revenge and its causes in people's lives. The author smartly narrates the story about a young man named Heathcliff, carrying the sorrowful fate, and explores the reasons why he turned to revenge, how he implemented it, and what consequences it had.

Revenge of Heathcliff may be vicious, but exploring the reason is moving the reader one step closer to unravelling the cause. Mistreatment and abuse for Heathcliff begin in his early childhood. Being an orphan, brought to the Wuthering Heights, protagonist is immediately "faced with rejection" (Ebert 40), as the children of the family were not expecting another member to arrive. Having done nothing wrong, Heathcliff continues to suffer from the oppression of others. Bronte designates these signs in the following line: "He has been blaming our father (how dared he?) for treating H. [Heathcliff] too liberally" (30). This phrase implies that Hindley, being Heathcliff's stepbrother, had a significant resentment towards the main character. By calling him an "usurper of his parent's affections and his privileges" (Bronte 55) onwards. He further proceeds to humiliate Heathcliff by making him the servant and being constantly reminded of his status. As a result, the loathing grows and leads to the revengeful behaviour later in the story.

The acts of retaliation committed by Heathcliff alone lead the narrative to the dark place, let alone him having a co-conspirator. He begins his plan with Catherine, his friend and someone he holds dear to his heart. Further on, Catherine chooses to turn her back on the main character

Wuthering Heights Revenge Essay:

Emily Brontë's Wuthering Heights Jibesh Bhattacharyya, 2006 Emily Brontë appeared first in the literary world as a poet but she is remembered even today for the single powerful novel *Wuthering Heights* that she composed towards the end of her life. The novel is a singular one and it stands outside the main current of nineteenth century fiction because of its peculiar nature. It has given rise to much controversy. Some consider it a gothic novel while others think of it as a novel of revenge. Some others find in it a romantic tale of languishing love. The dramatic way of narration by quoting the exact words spoken by the different characters by mainly two narrators Nelly Dean and Lockwood gives the novel a peculiar interest. Besides the portrayal of the character of Heathcliff the protagonist betrays a powerful imagination of the novelist. Like Coleridge Emily Brontë has been successful in giving the esoteric world she has created a touch of reality and credibility by making the supernatural a part of the natural. The novel is a story of two houses at *Wuthering Heights* and *Thrushcross Grange* with a vast moorland separating them. Heathcliff comes as a disturber of peace in these two houses and the peace is restored only with his death. It is not simply a tragic tale although there are several deaths in it. The novel shows that there are both good and evil in this world and that evil is ultimately won over by love. *Wuthering Heights* remains a powerful creation of Emily Brontë's imagination and because of her originality and poetic intensity it is held that she might have been Shakespeare's younger sister. *Westminster Review* 1898
