Wanton Fire Horde Wars Two:

Crilen and the War of False Prophets Donald I. Templeman, 2014-07-08 Lies Charlatans Greed War In the name of God 200 000 Avarican civilians are savagely massacred Therefore the neighboring Gzadin homeworld is overrun by Avarican forces in the name of God So the Gzadin enlist the aid of Crilen the fiery interstellar champion of the living Lord to liberate their planet in God s name Only he quickly discerns that the purported faiths of both worlds have been subverted by ungodly ulterior motives The sincerest soul Crilen encounters amidst a chaotic war mired in ruthless treachery is Captain Vicara Riks an intrepid field officer whose thirst for righteousness runs concurrent with her struggle to trust Heaven Her fearless leadership symbolizes the conundrum of the soldier who finds her sworn allegiance to duty opposed by the abandoned virtues of honor and truth Every willing sacrifice Vicara makes painfully diminishes her odds for a loving reunion with her son Crilen desperately wishes to save her but war is fraught with cruelty and death To deliver interplanetary peace sacrifices must be made What price for the atonement of two lost worlds shall ultimately be paid **The Conduct of War, 1789-1961**

Maj.-Gen J. F. C. Fuller, 2018-04-03 A tour de force in the way it embraces and weaves together the political economic and military factors B H Liddell Hart A work which sums up succinctly the learning of a life time New Statesman The Conduct of War 1789 1961 which was originally published in 1961 is a study of the way in which political and economic changes since the French Revolution have altered both the techniques and the aims of war The author begins by studying the limited wars that were possible in the age of absolute rulers and the destructive impact of revolutionary and democratic government on this state of affairs Not only did the new armies of the Napoleonic age grow immensely in size and military power the aims for which the war was fought began to change Now it is no longer a question of forcing the enemy government to change its policy in specific ways the purpose is the destruction of that government and the absolute surrender of its people Such a concept of war the author contends is a disastrous return to barbarism and in this book he considers his study in the light of post war events with Communist countries *War* DK Publishing, 2009-10-01 War has been central to the rise and fall of civilizations since the dawn of time The history of warfare first emerges from legend in Mesopotamia the cradle of civilization around 3 000 years before the birth of Christ The first armies that we know about fought in Sumeria Ancient Egypt and Syria From these first battles fought with spears or axes on horseback or on foot War traces the campaigns and conflicts that have shaped world history and examines the evolution of military tactics and technology The story of the development from these primitive battles to the global conflicts of the 20th century and the modern War on Terror is the story of humanity itself reflecting the same political cultural and technological forces that have defined human history From longbows to laser guided missiles from chariots to jet aircraft and from Samurai warriors to SAS soldiers War provides the definitive visual chronicle of this intense brutal and often heroic tale War combines a coherent and compelling spread by spread historical narrative with a wealth of supporting features on weapons and technology strategy and tactics the experience of war and
