Burroughs,2012-10-01 Durant l'année 1980 Victor Bockris a organisé et enregistré quatre rencontres entre William Burroughs et Andy Warhol. Des rencontres informelles qui eurent lieu à la Factory et dans des restaurants new yorkais. Le pape du Pop Art et la figure de la Beat Generation avaient forcément des choses à se dire. Warhol et Burroughs au cours de ces quatre rendez-vous vont faire ensemble le tour de la Factory, discuter l'œuvre que Warhol vient d'achever, parler de tout, de rien, de culture, de sexe, d'amour, de drogues et de vodka-tonic. Parfois leur table d'autres personnalités de passage s'invitent. C'est ainsi que Mick Jagger apparaît en guest star de luxe. Agrément d'une cinquantaine de photos Warhol Burroughs Conversations balaie largement le paysage culturel, capte l'ambiance, l'effervescence de ce début de la décennie 1980 et témoigne d'une amitié naissante d'une complicité entre ces deux grandes figures de la culture américaine. Victor Bockris est journaliste, il a accompagné Andy Warhol dans l'aventure de la Factory et a écrit de nombreux ouvrages et articles sur cette période et ses principaux protagonistes Lou Reed, Warhol, entre autres. Il prétend que c'est Andy Warhol qui lui a appris mener une interview. Son conseil : Ne prépare jamais tes questions. Fais comme si tu agissais d'un cocktail.

The Life and Death of Andy Warhol Victor Bockris, 1998

Warhol's Working Class Anthony E. Grudin, 2017-10-20 This book explores Andy Warhol's creative engagement with social class. During the 1960s, as neoliberalism perpetuated the idea that fixed classes were a mirage and status an individual achievement, Warhol's work appropriated images, techniques, and technologies that have long been described as generically American or middle class. Drawing on archival and theoretical research into Warhol's contemporary cultural milieu, Grudin demonstrates that these features of Warhol's work were in fact closely associated with the American working class. The emergent technologies Warhol conspicuously employed to make his work home projectors, tape recorders, film, and still cameras were advertised directly to the working class as new opportunities for cultural participation. What's more, some of Warhol's most iconic subjects, Campbell's soup, Brillo pads, Coca-Cola, were similarly targeted, since working class Americans under threat from a variety of directions were thought to desire the security and confidence offered by national brands. Having propelled himself from an impoverished childhood in Pittsburgh to the heights of Madison Avenue, Warhol knew both sides of this equation: the intense appeal that popular culture held for working class audiences and the ways in which the advertising industry hoped to harness this appeal in the face of growing middle class skepticism regarding manipulative marketing. Warhol was fascinated by these promises of egalitarian individualism and mobility, which could be profound and deceptive, generative and paralyzing, charged with strange forms of desire. By tracing its intersections with various forms of popular culture, including film, music, and television, Grudin shows us how Warhol's work disseminated these promises while also providing a record of their intricate tensions and transformations.

Andy Warhol's Factory People Catherine O'Sullivan Shorr, 2018-09-18 Based on the television documentary, A three-part oral history of the Pop Art sensation's inner circle and their dazzling world of art, drugs, and drama. Featuring a new introduction by the author, special to this collection, this three-part companion volume to Emmy Award-winning Catherine O'Sullivan Shorr

s documentary Andy Warhol's *Factory People* is an unprecedented exposé of an exhilarating and tumultuous time in the 1960s New York City art world told by the artists, actors, writers, musicians, and hangers-on who populated and defined the Factory. Different in its avowed bottom-up approach, Warhol as a function of his followers is the idea. This time it's the interviews that tell the tale. Robert Lloyd, *Los Angeles Times*. Welcome to the Silver Factory. In 1962, frustrated with advertising work, Warhol sets up his legendary studio in an abandoned hat factory on Manhattan's 47th Street. The Silver Factory quickly becomes the hub of Warhol's creative endeavors, the space where he constantly works while an ever-changing cast of characters and muses passes through with their own contributions. *Speeding into the Future*. In a peak period from 1965 through 1966, Warhol creates the notion of the It Girl with ingenuous debutante Edie Sedgwick, discovers Lou Reed, the Velvet Underground, and Nico, the gorgeous chanteuse who becomes his next It Girl, and directs with Paul Morrissey his most commercially successful film, the art-house classic *Chelsea Girls*. Your Fifteen Minutes Are Up. By 1967, it seems that the Factory has outlived its fifteen minutes of fame. Superstars like Edie Sedgwick fall victim to drugs; Factory denizens have falling outs with Warhol, as do the Velvet Underground, who are also caught up in disputes of their own. Into the chaos comes radical feminist Valerie Solanas, who shoots Warhol and seriously injures him. He survives barely, but the artist and his art are forever changed.

The Optical Unconscious Rosalind E. Krauss, 1994-07-25. *The Optical Unconscious* is a pointed protest against the official story of modernism and against the critical tradition that attempted to define modern art according to certain sacred commandments and self-fulfilling truths. The account of modernism presented here challenges the vaunted principle of vision itself. And it is a very different story than we have ever read, not only because its insurgent plot and characters rise from below the calm surface of the known and law-like field of modernist painting, but because the voice is unlike anything we have heard before. Just as the artists of the optical unconscious assaulted the idea of autonomy and visual mastery, Rosalind Krauss abandons the historian's voice of objective detachment and forges a new style of writing in this book: art history that insinuates diary and art theory and that has the gait and tone of fiction. *The Optical Unconscious* will be deeply vexing to modernism's standard bearers and to readers who have accepted the foundational principles on which their aesthetic is based. Krauss also gives us the story that Alfred Barr, Meyer Shapiro, and Clement Greenberg repressed: the story of a small, disparate group of artists who defied modernism's most cherished self-descriptions, giving rise to an unruly, disruptive force that persistently haunted the field of modernism from the 1920s to the 1950s and continues to disrupt it today. In order to understand why modernism had to repress the optical unconscious, Krauss eavesdrops on Roger Fry in the salons of Bloomsbury and spies on the toddler John Ruskin as he amuses himself with the patterns of a rug; we find her in the living room of Clement Greenberg as he complains about smart Jewish girls with their typewriters in the 1960s and in colloquy with Michael Fried about Frank Stella's love of baseball. Along the way, there are also narrative encounters with Freud, Jacques Lacan, Georges Bataille, Roger Caillois, Gilles Deleuze, and Jean-François Lyotard. To embody this optical

unconscious Krauss turns to the pages of Max Ernst's collage novels to Marcel Duchamp's hypnotic Rotoreliefs to Eva Hesse's luminous sculptures and to Cy Twombly's Andy Warhol's and Robert Morris's scandalous decoding of Jackson Pollock's drip pictures as Anti Form. These artists introduced a new set of values into the field of twentieth century art offering ready made images of obsessional fantasy in place of modernism's intentionality and unexamined compulsions

The Trip Deborah Davis, 2016-08-30 From the author of *Strapless* and *Guest of Honor* a book about a little known road trip Andy Warhol took from New York to LA in 1963 and how that journey and the numerous artists and celebrities he encountered profoundly affected his life and art

Across the Great Divide Rhys Davies, Christopher Townsend, Alexandra Trott, 2014-10-21 There's nothing pure about modernism. For all the later critical emphasis upon medium specificity modernist artists in their own times revel in the exchange of motifs and tropes from one kind of art to another they revel in staging events where different media play crucial roles alongside each other where different media interfere with each other to spark new and surprising experiences for their audiences. This intermediality and multi media activity is the subject of this important collection of essays. The authoritative contributions cover the full historical span of modernism from its emergence in the early twentieth century to its after shocks in the 1960s. Studies include Futurism's struggle to create an art of noise for the modern age the radical experiments with poetry painting and ballet staged in Paris in the early 1920s the relationship of poetry to painting in the work of a neglected Catalan artist in the 1930s the importance of architecture to new conceptions of performance in 1960s Happenings and the complex exchange between film music and sadomasochism that characterises Andy Warhol's *Exploding Plastic Inevitable*
