An Examination and Evaluation of the Debate Encompassing the Warnock Committee's Report of Human Fertilization and Embryology Brendan McCarthy, 1994

Revisiting the Regulation of Human Fertilisation and Embryology Kirsty Horsey, 2015-06-19 The Human Fertilisation and Embryology Act 2008 was a major update to the UK's laws on the use and regulation of reproductive technology and assisted reproduction Since the enactment of the new law the sector's regulatory body the Human Fertilisation and Embryology Authority HFEA has also consulted on various related topics including barriers to egg and sperm donation in the UK multiple births single embryo transfer and using IVF technology to prevent mitochondrial disease This book critically considers recent developments in human fertilisation legislation asking whether the 2008 Act has achieved its stated aim of being fit for purpose Bringing together a range of international experts the book evaluates the fresh risks and challenges emerging from both established and existing technologies and techniques in the field of human fertilisation and embryology as well as offering valuable insights into the social and regulatory challenges that lie ahead Key topics include problems with DIY assisted conception the lack of reform in respect of the regulation of surrogacy arrangements and mitochondrial DNA transfer As a review of the status of assisted reproduction legislation this book will be of great use and interest to students researchers and practitioners in medical law bioethics medicine and child welfare

Law, Policy and Reproductive Autonomy Erin Nelson, 2014-07-18 Reproductive choices are at once the most private and intimate decisions we make in our lives and undeniably also among the most public Reproductive decision making takes place in a web of overlapping concerns political and ideological socio economic health and health care all of which engage the public and involve strongly held

opinions and attitudes about appropriate conduct on the part of individuals and the state Law Policy and Reproductive Autonomy examines the idea of reproductive autonomy noting that in attempting to look closely at the contours of the concept we begin to see some uncertainty about its meaning and legal implications about how to understand reproductive autonomy and how to value it Both mainstream and feminist literature about autonomy contribute valuable insights into the meaning and implications of reproductive autonomy The developing feminist literature on relational autonomy provides a useful starting point for a contextualised conception of reproductive autonomy that creates the opportunity for meaningful exercise of reproductive choice With a contextualised approach to reproductive autonomy as a backdrop the book traces aspects of the regulation of reproduction in Canadian English US and Australian law and policy arguing that not all reproductive decisions necessarily demand the same level of deference in law and policy and making recommendations for reform

Introduction to Feminist Jurisprudence Hilaire Barnett, 2013-09-05 This book provides a student text covering the major issues in feminist jurisprudence and to analyse the manner in which both traditional jurisprudence and law have remained a masculine subject
