A Few Lessons for Investors and Managers Peter Bevelin, Warren Buffett, 2012 The Essays of Warren Buffett Warren Buffett, 2021 As in previous editions of The Essays of Warren Buffett this one retains the architecture and philosophy of the original edition but adds selections from Warren Buffett's most recent annual shareholder letters All the letters are woven together into a fabric that reads as a complete and coherent narrative of a sound business and investment philosophy As an aid to all readers and to enable readers of the previous editions to see what is new in this one a disposition table at the end of the book shows the various places in this collection where selections from each year's letter appear Footnotes throughout indicate the year of the annual report from which essays are taken To avoid interrupting the narrative flow omissions of text within excerpts are not indicated by ellipses or other punctuation This new edition is called for not because anything has changed about the fundamentals of Buffett's sound business and investment philosophy but because articulation of that philosophy is always delivered in the context of contemporary events and business conditions so periodic updating is warranted to maintain its currency **Warren Buffett** Robert G.
