Boudica Vanessa Collingridge, 2007-06-26 An intelligent and infectious enthusiastic biography of the Celtic queen and an analysis of her impact on British and feminist history The Sunday Times Boudica has been mythologized as the woman who dared to take on the Romans to avenge her daughters her tribe and her enslaved country Her immortality rests on the

fact that she almost drove the Romans out of Britain and her legend has become the reference point for any British woman in power from Elizabeth I to Margaret Thatcher As Boudica has become well known as an icon of female leadership and strength the true story of her revolt against the Roman Empire has only become more distant until now Combining new research and recent archaeological discoveries Vanessa Collingridge has written a major new biography on this shadowy and often misunderstood figure of ancient history Boudica provides a detailed history of the Celtomania that has adopted Boudica as its earliest hero and the nationalist and feminist causes that have also tried to claim her as their own While tracking the origins and impact of the various versions of the Boudica legend Collingridge unearths a historical woman who is far subtler but every bit as fascinating as the myths associated with her name Deeply researched and powerfully explosive Saga Magazine A compelling tale Daily Mail *Women's Political Participation and Representation in Asia* Kazuki Iwanaga, 2008 The ability of a small elite of highly educated upper class Asian women to obtain the highest political positions in their country is unmatched elsewhere in the world and deserves study But there is a marked lack of relevant research as well as of comprehensive and user friendly texts Aiming to fill the gap is this timely and important study of the various obstacles and opportunities for women's political participation and representation in Asia **Silk and the Sword** Sharon Bennett Connolly, 2018-11-15 A study of the women on all sides who had major parts to play in the momentous year of 1066

Goddesses and Queens Annaliese Connolly, Lisa Hopkins, 2021-06-15 The visual images of Queen Elizabeth I displayed in contemporary portraits and perpetuated and developed in more recent media such as film and television make her one of the most familiar and popular of all British monarchs This collection of essays examines the diversity of the queen's extensive iconographical repertoire focusing on both visual and textual representations of Elizabeth not only in portraiture and literature but also in contemporary sermons speeches and alchemical treatises The collection broadens current critical thinking about Elizabeth as each of the essays contributes to the debate about the ways in which the queen's developing iconicity was not simply a celebratory mode but also encoded criticism of her Each of these essays explains the ways in which the varied representations of Elizabeth reflect the political and cultural anxieties of her subjects *The Missing Thread* Daisy Dunn, 2024-07-30 Thoroughly researched and sprightly a complete history of the Mediterranean world with the women added back in as they always should have been The New York Times A dazzlingly ambitious history of the ancient world that places women at the center from Cleopatra to Boudica Sappho to Fulvia and countless other artists writers leaders and creators of history Around four thousand years ago the mysterious Minoans sculpted statues of topless women with snakes slithering on their arms Over one thousand years later Sappho wrote great poems of longing and desire For classicist Daisy Dunn these women whether they were simply sitting at their looms at home or participating in the highest echelons of power were up to something much more interesting than other histories would lead us to believe Together these women helped to make antiquity as we know it In this monumental work Dunn reconceives our understanding of the ancient world by

emphasizing women's roles within it. *The Missing Thread* never relegates women to the sidelines and is populated with well-known names such as Cleopatra and Agrippina as well as the likes of Achaemenid consort Atossa and Olympias, a force in Macedon. Spanning three thousand years, the story moves from Minoan Crete to Mycenaean Greece, from Lesbos to Asia Minor, from the Persian Empire to the royal court of Macedonia and concludes with Rome and its growing empire. The women of antiquity are undeniably woven throughout the fabric of history, and in *The Missing Thread* they finally take center stage.

Boudica Richard Hingley, Christina Unwin, 2006-06-21. Boudica or Boadicea, queen of the Iceni, led a famous revolt against Roman rule in Britain in AD 60, sacking London, Colchester, and St Albans, and throwing the province into chaos. Although then defeated by the governor Suetonius Paulinus, her rebellion sent a shock wave across the empire. Who was this woman who defied Rome? Boudica: Iron Age Warrior Queen is an account of what we know about the real woman from classical literature written for the consumption of readers in Rome and from the archaeological evidence. It also traces her extraordinary posthumous career as the earliest famous woman in British history. Since the Renaissance, she has been seen as a harridan, patriot, freedom fighter, and feminist, written about in plays and novels, painted and sculpted, and recruited to many causes. She remains a tragic yet inspirational figure of unending interest.
