some reviewers to Catch 22 for its mix of humor and outrage this brilliant send up of modern military adventurism is an insightful and darkly comic anti war masterpiece Its setting is the Embargoed Zone or Easy headquarters to the coalition of western allies somewhere in the Middle East Spying inside the Easy is expensive and hazardous and the terrorist double agent known as Cobra needs his wages paid in cash in order to survive But his down at heels spymaster from the occupying forces one Captain Smith is broke and forced to pay his agent in kind with a top loading washing machine pilfered from the American compound When it turns out that this piece of clothes washing technology is in fact a critical piece of military hardware essential to the allied war effort a frantic scramble to retrieve the device is unleashed Packed with unforgettable characters including a resourceful teenage girl from the occupied territory an intrepid local reporter navigating the Easy in search of the truth an egotistical western blogger with delusions of relevance a hapless drone pilot with an itchy trigger finger and at least one very unfortunate donkey Toploader is a savage and hilarious indictment of remote control warfare and imperialism by proxy
