Ways Of Imperfection Exploration Of Christian Spirituality:

Ways of Imperfection Simon Tugwell, 1985 Spirituality has to do with a whole Christian vision of life not simply with methods of prayer or contemplation The author approaches the subject through the idea of imperfection tracing this theme through a series of spiritual writers from different periods of Christian history These are penetrating and illuminating studies which show how from the start and throughout its history the Christian vision is not one for an elite but for everyone sinners all The religion of the Cross is the religion of failure turned to account creatively *Ways of Imperfection* Simon Tugwell, 1984

Mysticism and the Spiritual Quest Phyllis Zagano, 2013 A crosscultural exploration of the meanings definitions practices and common themes of mysticism via a study of original texts in translation from different parts of the world It brings together the writings of the mystics from Christianity Judaism Islam Buddhism Hinduism Taoism and Confucianism in one volume **Mysticism and Spirituality in Medieval England** William F. Pollard, Robert Boenig, 1997 The late fourteenth and early fifteenth centuries in England were a golden age of mysticism the major figures could draw on and allude to a host of treatises as the Cloud author acknowledges when he explains how the works of St Denis validate all he writes about Without Denis without the theologians of the eleventh and twelfth centuries without the anchoritic writings of the thirteenth century Richard Rolle Julian of Norwich Walter Hilton Margery Kempe could not have written as they did Likewise those who followed them the Wycliffites the Brigittines the writers of religious lyrics responded to those who had gone before The articles presented here identify major themes and the web of influence that link them new but solid interpretations are offered of the key figures and their backgrounds and the emphasis is on the rich variety of mysticism these authors and texts embody **Subversive Spirituality** L. Paul Jensen, 2009-08-01 Subversive Spirituality links the practice and study of Christian spirituality with Christian mission It develops a twofold thesis grace spiritual disciplines and mission practices are inseparably linked in the mission of Jesus of the early church and of several historical renewal movements as well as in a contemporary field research sample and amidst the collapse of space and time evidenced by our culture s increasingly hurried pace of life more time and space are needed for regular solitary and communal spiritual practices in church mission and leadership structures if Christian mission is to transform people and culture in our time This requires a subversion of the collapsed spatial and temporal codes that have infected our Christian institutions Jensen employs methods and approaches from a variety of academic disciplines to explore both spirituality in terms of space and time and mission in terms of deed and word Specifically Jensen examines the spirituality and mission of Jesus the early church the apostolic fathers Origen the Devotio Moderna the early Jesuits David Brainerd and several women in 19th century Protestant missions He considers the spirituality and mission that have arisen within the postmodern generations born after 1960 Based on the theological historical cultural and field analyses of this study a model for spirituality and mission is proposed The model addresses the contemporary collapse of space and time and appears to have widespread applicability to

diverse cultures and eras Jensen's model is applied to the pluralistic and postmodern milieu of North America with recommendations for spirituality and mission in church mission and educational structures A derivative model for teaching and practicing spirituality and mission in the academy which also has application for non formal leadership development structures is also proposed

Spiritual Healing Sarah Coakley, 2020-10-15 Spiritual healing has been a cornerstone of Christian belief from its beginnings although there are various interpretations of what exactly it is and how it happens To address these questions the contributors to this volume come together to examine spiritual healing from a number of disciplinary perspectives How can such healing be explained through a scientific or medical lens What do biblical and historical instantiations of it tell us today And how are we to think of it as anthropologists philosophers or theologians Finally what does all this mean for those seeking spiritual healing for themselves or pastors walking alongside the afflicted Deftly edited by theologian Sarah Coakley *Spiritual Healing* offers a composite narrative that investigates the many intermingled factors at work in this intriguing phenomenon The result is a human story as much as it is a theological one satisfying discerning believers and skeptics alike in its rigorous pursuit of truth and meaning

The Secret Within Wolfgang Riehle, 2014-02-07 Spiritual seekers throughout history have sought illumination through solitary contemplation In the Christian tradition medieval England stands out for its remarkable array of hermits recluses and spiritual outsiders from Cuthbert Godric of Finchale and Christina of Markyate to Richard Rolle Julian of Norwich and Margery Kempe In *The Secret Within* Wolfgang Riehle offers the first comprehensive history of English medieval mysticism in decades one that will appeal to anyone fascinated by mysticism as a phenomenon of religious life In considering the origins and evolution of the English mystical tradition Riehle begins in the twelfth century with the revival of eremitical mysticism and the early growth of the Cistercian Order in the British Isles He then focuses in depth on the great mystics of the fourteenth and fifteenth centuries Richard Rolle the first great English mystic the author of *The Cloud of Unknowing* Walter Hilton Margery Kempe and Julian of Norwich Riehle carefully grounds his narrative in the broader spiritual landscape of the Middle Ages pointing out both prior influences dating back to Late Antiquity and corresponding developments in mysticism and theology on the Continent He discusses the problem of possible differences

between male and female spirituality and the movement of popularizing mysticism in the late Middle Ages Filled with fresh insights *The Secret Within* will be welcomed especially by teachers and students of medieval literature as well as by those engaged in historical theological philosophical cultural even anthropological and comparative studies of mysticism

Evagrius and Gregory Kevin Corrigan, 2016-04-29 Evagrius of Pontus and Gregory of Nyssa have either been overlooked by philosophers and theologians in modern times or overshadowed by their prominent friend and brother respectively Gregory Nazianzus and Basil the Great Yet they are major figures in the development of Christian thought in late antiquity and their works express a unique combination of desert and urban spiritualities in the lived and somewhat turbulent experience of an entire age They also provide a significant link between the great ancient thinkers of the past Plato Aristotle the Stoics Clement and others and the birth and transmission of the early Medieval period associated with Boethius Cassian and Augustine This book makes accessible to a wide audience the thought of Evagrius and Gregory on the mind soul and body in the context of ancient philosophy theology and the Cappadocians generally Corrigan argues that in these two figures we witness the birth of new forms of thought and science Evagrius and Gregory are no mere receivers of a monolithic pagan and Christian tradition but innovative critical interpreters of the range and limits of cognitive psychology the soul body relation reflexive self knowledge personal and human identity and the soul's practical relation to goodness in the context of human experience and divine self disclosure This book provides a critical evaluation of their thought on these major issues and argues that in Evagrius and Gregory we see the important integration of many different concerns that later Christian thought was not always able to balance including mysticism asceticism cognitive science philosophy and theology

Saturday's Silence Richard McLauchlan, 2016-11-15 R S Thomas is recognised globally as one of the major poets of the twentieth century Such detailed attention as has been paid to the religious dimensions of his work has however largely limited itself to such matters as his obsession with the absent God his appalled fascination with the mixed cruelty and wonder of a divinely created world his interest in the world view of the new physics and his increasingly heterodox stance on spiritual matters What has been largely neglected is his central indebtedness to key features of the classic Christian tradition This book concentrates on one powerful and compelling example of this reading Thomas's great body of religious work in the light of the three days that form the centre of the Gospel narrative the days which tell of the death entombment and resurrection of Christ

Teubner,2018-01-05 The influence of the theology and philosophy of Augustine of Hippo on subsequent Western thought and culture is undisputed Prayer after Augustine A Study in the Development of the Latin Tradition argues that the notion of the Augustinian tradition needs to be re thought and that already in the generation after Augustine in the West such a re thinking is already and richly manifest in more than one influential form In this work Jonathan D Teubner encourages philosophical moral and historical theologians to think about what it might mean that the Augustinian tradition formed in a distinctively Augustinian fashion and considers how this affects how they use discuss and evaluate Augustine in their work This is exemplified by Augustine s reflections on prayer and how they were taken up modified and handed on by Boethius and Benedict two critically influential figures for the development of Latin medieval philosophical and theological cultures Teubner analyses and exemplifies the particular theme of prayer and the other topics it constellates in Augustine and to show how it already forms a distinctively Augustinian concept of tradition that was to prove to have fascinatingly diverse manifestations Part I traces the development of Augustine s understanding of prayer Patience and hope as articulated in prayer sit at the centre of Augustine s understanding of Christian existence In Part II Teubner turns to suggest how this is picked up by Boethius and Benedict Lectio Divina as Contemplative Pedagogy Mary Keator,2017-12-14 Offering an original application of the ancient

Ciarrocchi, 2001-10-05 Over the past decade legal wagering has expanded rapidly in North America In 1998 alone people lost 50 billion dollars in legal betting and it is estimated that illegal wagering is twice that amount A recent government report based on the broadest population survey concludes that the lifetime and pathological gamblers in the U S range between 4 and 10 million persons and is growing If we include the families affected by problem gambling then the potential impact is indeed prodigious Virtually no community in the U S and Canada is left untouched by entertainment or problem gambling Treating problem gambling has evolved from a small group of practitioners in the 1980 s working in specialty inpatient units into an international enterprise that affects the caseload of many mental health professionals Owing to its quiet origins problem gambling treatment strategies are not well known throughout the clinical community Consequently the average clinician is him herself learning as they go This approach does not benefit either client or therapist As the book s first chapter makes clear problem gambling differs significantly from substance abuse its nearest clinical relative Not attending to these differences leads to poor results and clinical failure This book is the one essential tool needed by clinicians treating or likely to treat problem gambling Written by a clinician with wide experience it is intended for the general clinician treating or likely to treat problem gambling desiring a comprehensive yet user friendly guide Assessment and treatment of problem gambling and those affected by it is discussed Includes diagnostic instruments developed by the author An integrative approach is taken with a special focus on cultural concerns and clinical applications for women and minorities Integration of spirituality in treatment is covered
