accompanying CD ROM Students can interact with both the printed and electronic versions of the material in the laboratory and look up details and reference information in the User s Guide Exercises occur in the stream of the text of labs providing a context in which to answer The notebooks are designed so that the answers to the questions can either be entered into the electronic notebook or written on paper whichever the instructor prefers The notebooks support versions 2.2 and 3.0.4.0 and are compatible with all platforms that run Mathematica This work can be used to supplement any introductory abstract algebra text and is not dependent on any particular text The group and ring labs have been cross referenced against some of the more popular texts This information can be found on our web site at <http://www.central.edu/eaarn.html> which is also mirrored at <http://www.urnl.edu/Dept/Math/eaarn/eaarn.html> If your favorite text isn't on our list it can be added upon request by contacting either author
