VISUAL

PRODUCER'S NOTE

"Street Fighter IV" was the title that took the 2D sprites to 3D models. In making the transition between these two graphic styles, was the litmus paper that dictated how the series went. Every fan out there who "Ryu" is, and ensuring that we could immediately identify the new character they've come to love was quite possibly the most important part of this whole process. All of that was worth it in the end, as I am at the "Street Fighter IV" Ryu we could offer at the time.
