Short stories

1. All is fair in love and war (Jan van tonder):
 - the story is about Edwill, Helena and Waldemar, and they are in a love triangle.
 - Edwill and Lita have a plan to get Waldemar and Helena away from each other. En die plan kom by Edwill op toe die Afrikaanse onderwyser hulle die storie van Helena van Troje vertel.
 - "In die klas het die Afrikaanse onderwyser hulle eendag die storie van Helena van Troje vertel en van die houtperd waarin soldate weggesteek is sodat hulle die stad onopgemerk kon binnegaan. En daar en dan het Edwill 'n plan gekry: hy sou met Waldemar vriende maak."

Karakters:

- ↘ Helena - Herinner ons aan klassieke karakter Helena van Troje
- ↘ Edwill - Verlief om Helena. Beraam plan om haar hart te wen.
- ↘ Waldemar - aantreklik, goeie rugbyspeler, nie goed met kommunikeer/woorde nie, Helena se kêrel
- ↘ Lita - Edwill se suster. Help Edwill om Helena se hart te wen.

Die aanvangsoomblik is wanneer Edwill besef dat hy verlief is op Helena en dit met sy sussie deel. Ons sien dat die spanning begin bou wanneer Lita beweer dat hulle die Achilleshiel in die verhouding opgespoor het.

insident waar Edwill aanbied om Helena se boeties besig te hou sodat sy meer tyd saam met Waldemar kan deurbring en Helena

Assessing Academic Literacy in a Multilingual Society Albert Weideman, John Read, Theo du Plessis, 2020-11-02
South African universities face major challenges in meeting the needs of their students in the area of academic language and literacy. The dominant medium of instruction in the universities is English and to a much lesser extent Afrikaans but only a minority of the national population are native speakers of these languages. Nine other languages can be media of instruction in schools which makes the transition to tertiary education difficult enough in itself for students from these schools. The focus of this book is on procedures for assessing the academic language and literacy levels and needs of students not in order to exclude students from higher education but rather to identify those who would benefit from further development of their ability in order to undertake their degree studies successfully. The volume also aims to bring the innovative solutions designed by South African educators to a wider international audience. *MLA International Bibliography of Books and Articles on the Modern Languages and Literatures*, 2008. *Black African Literature in English, 1982-1986* Bernth Lindfors, 1989. This bibliographic work is a continuation of the highly acclaimed earlier volumes compiled by Bernth Lindfors. Containing about 10 000 entries some of which are annotated to identify the authors discussed it covers books, periodical articles, papers in edited collections and selective coverage of other relevant sources. *The Reception of Northrop Frye*, 2021-08-31. The widespread opinion is that Northrop Frye's influence reached its zenith in the 1960s and 1970s after which point he became obsolete, his work buried in obscurity. This almost universal opinion is summed up in Terry Eagleton's 1983 rhetorical question 'Who now reads Frye?' In *The Reception of Northrop Frye* Robert D. Denham catalogues what has been written about Frye: books, articles, translations, dissertations and theses and reviews in order to demonstrate that the attention Frye's work has received from the beginning has progressed at a geomantic rate. Denham also explores what we can discover once we have a fairly complete record of Frye's reception in front of us such as Hayden White's theory of emplotments applied to historical writing and Byron Almén's theory of musical narrative. The sheer quantity of what has been written about Frye reveals that the only valid response to Eagleton's rhetorical question is a very large and growing number, the growth being not incremental but exponential. **Faith and Fiction** Benjamin Biebuyck, René Dirven, John Ries, 1998. *Faith and Fiction* is a collection of essays which partly stems from the 25th LAUD Symposium on Metaphor and Religion, University of Duisburg, April 1-5, 1997. It investigates the relationship between religious experience and the use of metaphors and thus explores the tensions between faith and fiction. Herein special attention is paid to the type of situation in which the confrontation of a community or an individual with religion is not self-evident or even discordant. In order to address the diversity of the problem area the volume opts for an interdisciplinary approach. Section I analyses religious metaphors from the viewpoint of contemporary linguistics. In section II the significance of metaphors in a meta-religious discourse is considered. The philosophical dialogue with religion and metaphor is discussed in section III and the final section submits
