The Doctor's Pill Eric Samuels is trying to score some anti-anxiety drugs from a new doctor and when he learns this new doctor is a woman, he's sure he'll soon have her pretty eyes watering with sympathy and writing him any prescription he wants. But when the attractive Dr. Bell catches him ogling her ass, she starts to get wise to the situation and decides to teach him a lesson. She tells him she wants to help and the pill she gives him probably will make him feel good at least eventually, but first he'll have to come to terms with the transformation that Dr. Janice Bell's gender reassignment drug puts him through as Eric becomes Erica. Only then can the fun start as the busty over-sexed new bimbo learns to give in to her overpowering urges. Not to worry, Dr. Bell will ensure that Erica soon finds herself in the path of a group of doctors only too happy to team up and stuff the horny submissive patient who seems to have popped up from nowhere.

The Office New Girl: Max Losman's four years in college were supposed to prepare him for bigger and better things than a job as a personal assistant. When he takes his whining and crass flirtation a step too far with a coworker from the office a floor down, she decides it's time he learned a thing or two about perspective. When he leaves his new weightlifting supplement out on his desk, she finds herself with the perfect opportunity to make a little switch with some hormone pills of her own. It isn't long before Max finds himself in a new body: female, sexy, and sex-crazed. With no choice but to show up for work in her new state, the office new girl is soon helplessly flaunting her new assets through the office in ways that Mr. Borough and the other partners, accustomed to the firm's stuffy work environment, can't help but notice and act on. It's not long before the unfamiliar but compulsively slutty newcomer is getting all the attention she can handle and more.
